Committee on Subsidies and Countervailing Measures

Original: English

SUBSIDIESNEW AND FULL NOTIFICATION PURSUANT TO ARTICLE XVI:1 OF
THE GATT 1994 AND ARTICLE 25 OF THE AGREEMENT ON
SUBSIDIES AND COUNTERVAILING MEASURES

CHINA

The following communication, dated and received on 30 June 2025, is being circulated at the request of the delegation of China.

Table of Contents

I. SUBSIDIES AT THE CENTRAL GOVERNMENT LEVEL	6
1 PREFERENTIAL TAX POLICIES FOR ENTERPRISES ESTABLISHED IN SPECIAL ECONOMIC ZONES AND PUDONG NEW AREA OF SHANGHAI	6
2 PREFERENTIAL TAX POLICIES IN THE WESTERN REGIONS	7
3 PREFERENTIAL TAX POLICIES FOR HIGH-TECH ENTERPRISES	8
4 PREFERENTIAL TAX TREATMENT OF ADDITIONAL CALCULATION AND DEDUCTION OF RESEARCH AND DEVELOPMENT EXPENSES.....	9
5 PREFERENTIAL TAX POLICIES FOR ENTERPRISES TRANSFERRING TECHNOLOGY	10
6 PREFERENTIAL TAX POLICIES FOR HIGH-TECH BUSINESS INCUBATORS, SCI-TECH PARKS IN UNIVERSITIES AND MAKER SPACES.....	11
7 PREFERENTIAL TAX POLICIES FOR ADVANCED TECHNOLOGY SERVICE ENTERPRISES.....	12
8 PREFERENTIAL TAX TREATMENT FOR PUBLIC INFRASTRUCTURE PROJECTS THAT ARE PARTICULARLY SUPPORTED BY THE STATE.....	13
9 PREFERENTIAL TAX TREATMENT FOR PROJECTS FOR ENVIRONMENTAL PROTECTION, WATER AND ENERGY CONSERVATION	14
10 PREFERENTIAL TAX TREATMENT FOR ENTERPRISES WITH COMPREHENSIVE UTILIZATION OF RESOURCES	15
11 PREFERENTIAL VAT TREATMENT FOR INTEGRATED UTILIZATION OF RESOURCES.....	16
12 PREFERENTIAL VAT TREATMENT FOR NEW TYPE WALL MATERIAL PRODUCTS	17

13 PREFERENTIAL CONSUMPTION TAX ON COMPREHENSIVELY UTILIZED AND PRODUCED PETROLEUM PRODUCTS	18
14 PREFERENTIAL TAX TREATMENT FOR ENERGY-SAVING AND NEW ENERGY VEHICLES AND VESSELS.....	19
15 PREFERENTIAL TAX TREATMENT FOR THE PUBLIC BUSES AND TROLLEYBUSES PURCHASED BY URBAN PUBLIC TRANSPORTATION ENTERPRISES.....	20
16 PREFERENTIAL TAX POLICIES FOR CLEAN DEVELOPMENT MECHANISM	21
17 GENERAL-BENEFIT TAX EXEMPTION FOR MICRO AND SMALL ENTERPRISES	22
18 PREFERENTIAL VAT POLICIES FOR ENTERPRISES THAT EMPLOY PEOPLE WITH DISABILITIES	24
19 PREFERENTIAL INCOME TAX POLICIES FOR ENTERPRISES THAT EMPLOY PEOPLE WITH DISABILITIES	25
20 PREFERENTIAL TAX TREATMENT FOR ENTERPRISES PRODUCING PRODUCTS EXCLUSIVELY USED BY PEOPLE WITH DISABILITIES.....	26
21 PREFERENTIAL TAX TREATMENT FOR ANTI-HIV-AIDS MEDICINE.....	26
22 PREFERENTIAL TAX POLICIES FOR FARMING, FOREST, ANIMAL HUSBANDRY AND FISHERY PRODUCT PROJECTS	27
23 PREFERENTIAL TAX TREATMENT FOR BORDER-SELLING TEA	28
24 PREFERENTIAL TAX TREATMENT FOR IMPORTED PRODUCTS FOR THE PURPOSE OF REPLACING THE PLANTING OF POPPIES	29
25 PREFERENTIAL TAX POLICIES ON IMPORTS OF SEEDS AND BREEDS.....	30
26 PREFERENTIAL TAX POLICIES ON BACKFILLING MINING AND MINING RESOURCES OF DEPLETED MINES	31
27 PREFERENTIAL TAX TREATMENT FOR IMPORT OF EQUIPMENT.....	32
28 POLICIES ON THE URBAN LAND USE TAX OF OIL AND GAS PRODUCTION ENTERPRISES.....	33
29 PREFERENTIAL TAX TREATMENT FOR DUTIABLE OILS USED IN THE PRODUCTION OF ETHYLENE AROMATICS	34
30 PREFERENTIAL TAX POLICIES FOR INTEGRATED CIRCUIT INDUSTRY.....	35
31 PREFERENTIAL VAT FOR LARGE PASSENGER AIRCRAFT AND NEW REGIONAL AIRCRAFT	36
32 TAX POLICIES FOR CIVIL AIRCRAFT ENGINE AND CIVIL AIRCRAFT	37
33 PROMOTING ENTREPRENEURSHIP AND EMPLOYMENT OF KEY GROUPS	38
34 ACCELERATED DEPRECIATION OF FIXED ASSETS	40
35 PREFERENTIAL VEHICLE PURCHASE TAX ON TRAILERS.....	42
36 FUND FOR AGRICULTURAL DEVELOPMENT	43

37 FUND FOR WATER CONSERVANCY DEVELOPMENT	44
38 FUND FOR AGRICULTURAL DISASTER PREVENTION AND MITIGATION AND FLOOD AND DROUGHT RELIEF.....	45
39 SUBSIDY FUND FOR AGRICULTURAL ECOLOGICAL RESOURCES PROTECTION	46
40 SUBSIDY FUND FOR A NEW ROUND OF RETURNING CULTIVATED LAND TO FORESTS AND GRASSLAND (INCLUDING AN EXTENSION GRANT)	47
41 SUBSIDY FUND FOR ENERGY CONSERVATION AND EMISSION REDUCTION	48
42 FUND FOR AIR POLLUTION CONTROL.....	49
43 SPECIAL FUND FOR DEVELOPMENT OF INTERNATIONAL ECONOMY AND TRADE	49
44 SPECIAL FUND FOR THE DEVELOPMENT OF CLEAN ENERGY	50
45 ADDITIONAL SUBSIDY FOR RENEWABLE ENERGY TARIFFS.....	51
46 REWARD AND SUBSIDY FOR REDUCING THE FEES FOR THE FINANCING GUARANTEE BUSINESSES OF SMALL AND MICRO ENTERPRISES	52
47 RESOURCE TAX REDUCTION FOR SHALE GAS	53
48 PREFERENTIAL TAX TREATMENT ON ENVIRONMENTAL PROTECTION IN AGRICULTURAL PRODUCTION (EXCLUDING LARGE-SCALE BREEDING).....	54
49 PREFERENTIAL TAX TREATMENT FOR ENVIRONMENTAL PROTECTION OF SPECIFIC MOBILE POLLUTION SOURCES.....	55
50 PREFERENTIAL TAX TREATMENT FOR ENVIRONMENTAL PROTECTION IN URBAN AND RURAL CENTRALIZED SEWAGE TREATMENT AND DOMESTIC WASTE TREATMENT PLANTS	55
51 PREFERENTIAL TAX TREATMENT ON ENVIRONMENTAL PROTECTION FOR COMPREHENSIVE UTILIZATION OF SOLID WASTE	56
52 PREFERENTIAL ENVIRONMENT PROTECTION TAX FOR ENTERPRISES THAT ARE BELOW POLLUTANT DISCHARGE STANDARDS PRESCRIBED BY THE CENTRAL AND LOCAL GOVERNMENTS	57
53 PREFERENTIAL TAX TREATMENT ON FINANCING	58
54 VAT POLICY ON ANTI-CANCER DRUGS	59
55 PREFERENTIAL TAX TREATMENT FOR RELOCATION FROM INHOSPITABLE AREAS FOR POVERTY ALLEVIATION	60
56 PREFERENTIAL TAX TREATMENT FOR THIRD-PARTY ENTERPRISES ENGAGED IN POLLUTION PREVENTION AND CONTROL	61
57 FUND FOR CULTIVATED LAND CONSTRUCTION AND UTILIZATION.....	62
58 VAT POLICY ON ORPHAN DRUGS.....	63
59 PREFERENTIAL ENTERPRISE INCOME TAX TREATMENT FOR BASIC RESEARCH ENTERPRISES.....	64

60 CENTRAL FISCAL SUBSIDY FUND ASSIST TO PROMOTE RURAL REVITALIZATION	65
61 PREFERENTIAL TREATMENT POLICY FOR SOME PASSENGER VEHICLES.....	66
62 OTHER GENERAL PURPOSE TRANSFER PAYMENT OF FISHERIES.....	67
63 TAX POLICIES FOR TRANSFORMED CULTURAL ENTERPRISES.....	68
64 VAT EXEMPTION POLICY FOR TAXPAYERS ENGAGING IN PRODUCTION, SALE, WHOLESALE AND RETAIL OF DRIP IRRIGATION BELTS AND PIPES	69
65 VAT EXEMPTION POLICY FOR TAXPAYERS ENGAGING IN PRODUCTION, SALE, WHOLESALE AND RETAIL OF ORGANIC FERTILIZER PRODUCTS.....	70
66 VAT INPUT TAX CREDIT REFUND POLICY	71
67 EXEMPTION FROM CONSUMPTION TAX FOR ETHANOL GASOLINE PRODUCED WITH TAX-PAID GASOLINE PURCHASED OR PROCESSED UNDER CONSIGNMENT.....	72
68 CONSUMPTION TAX EXEMPTION POLICY FOR ELIGIBLE BATTERIES AND COATINGS.....	72
69 PREFERENTIAL TAX TREATMENT FOR NATIONAL COMMODITY RESERVES.....	73
70 PREFERENTIAL POLICIES ON PROPERTY TAX AND URBAN LAND USE TAX FOR AGRICULTURAL PRODUCT WHOLESALE MARKETS AND FARM MARKETS	74
71 SUPPORT FOR THE DEVELOPMENT OF FREE TRADE ZONES	75
72 GRAIN AND OIL PRODUCTION SUPPORT FUND	76
73 AGRICULTURAL BUSINESS ENTITY CAPACITY ENHANCEMENT FUND.....	77
II. SUBSIDIES AT SUB-CENTRAL GOVERNMENT LEVEL.....	79
1 BEIJING MUNICIPALITY.....	79
2 TIANJIN MUNICIPALITY.....	83
3 HEBEI PROVINCE	89
4 SHANXI PROVINCE.....	92
5 INNER MONGOLIA AUTONOMOUS REGION	93
6 LIAONING PROVINCE.....	95
7 JILIN PROVINCE	99
8 HEILONGJIANG PROVINCE	100
9 SHANGHAI MUNICIPALITY	104
10 JIANGSU PROVINCE	112
11 ZHEJIANG PROVINCE	125
12 ANHUI PROVINCE.....	126

13 FUJIAN PROVINCE.....	127
14 JIANGXI PROVINCE.....	129
15 SHANDONG PROVINCE	132
16 HENAN PROVINCE	136
17 HUBEI PROVINCE	138
18 HUNAN PROVINCE.....	138
19 GUANGDONG PROVINCE.....	139
20 GUANGXI ZHUANG AUTONOMOUS REGION.....	148
21 HAINAN PROVINCE	155
22 CHONGQING MUNICIPALITY	162
23 SICHUAN PROVINCE.....	170
24 GUIZHOU PROVINCE	186
25 YUNNAN PROVINCE.....	189
26 TIBET AUTONOMOUS REGION	191
27 SHAANXI PROVINCE.....	193
28 GANSU PROVINCE	196
29 QINGHAI PROVINCE.....	205
30 NINGXIA HUI AUTONOMOUS REGION	206
31 XINJIANG UYGUR AUTONOMOUS REGION	209
32 DALIAN CITY OF LIAONING PROVINCE	210
33 QINGDAO CITY OF SHANDONG PROVINCE	211
34 NINGBO CITY OF ZHEJIANG PROVINCE	212
35 XIAMEN CITY OF FUJIAN PROVINCE	213
36 SHENZHEN CITY OF GUANGDONG PROVINCE	214

I. SUBSIDIES AT THE CENTRAL GOVERNMENT LEVEL

1 Preferential tax policies for enterprises established in special economic zones and Pudong New Area of Shanghai

1. Title of the subsidy programme

Preferential tax policies for enterprises established in special economic zones and Pudong New Area of Shanghai.

2. Policy objective and/or purpose of the subsidy

To absorb foreign investment and expand the opening-up and enhance development of the area.

3. Background and authority for the subsidy

Ministry of Finance (MOF), State Taxation Administration (STA), Ministry of Commerce (MOFCOM).

4. Legislation under which it is granted

Law of the People's Republic of China on Enterprise Income Tax (2007);
Regulations for the Implementation of Law of the People's Republic of China on Enterprise Income Tax (2007);
State Council Circular Guo Fa No. 40 of 2007.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

High or new technology enterprises, registered on and after 1 January 2008 in special economic zones and Pudong New Area of Shanghai, which need special support from the State.

7. How the subsidy is provided

Enterprises with income obtained in special economic zones and Pudong New Area of Shanghai shall, from the year receiving income from project operation or production, be exempted from enterprise income tax in the first year through the second year and allowed a tax reduction by half at the statutory rate of 25% in the third year through the fifth year.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

Starting from the year receiving the first income from their operation or production.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

2 Preferential tax policies in the western regions

1. Title of the subsidy programme

Preferential tax policies in the western regions.

2. Policy objective and/or purpose of the subsidy

Accelerate the development of the western regions, expand the opening-up, lessen the imbalance of economic development among different areas and enhance development of the area.

3. Background and authority for the subsidy

NDRC, MOF, STA, MOFCOM.

4. Legislation under which it is granted

State Council Circular Guo Fa No. 33 of 2000;
General Office of State Council Circular Guo Ban Fa No. 73 of 2001;
Law of the People's Republic of China on Enterprise Income Tax (2007);
The Regulations for the Implementation of Law of the People's Republic of China on Enterprise Income Tax (2007);
MOF GAC STA Announcement No. 43 of 2008; Catalogue of Encouraged Industries in Central and Western Regions (National Development and Reform Commission (NDRC) Order No. 40 of 2021);
State Council Circular Guo Fa No. 39 of 2007;
MOF Circular Cai Shui No. 1 of 2008;
MOF Announcement No. 23 of 2020.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

1) Enterprises established in the western regions that have the items included in the Catalogue of Encouraged Industries in Western Regions as their major business which contributes over 60% of the total revenue of the current year;
2) The imported equipment for self use within the total amount of the capital invested by domestic enterprises established in the western regions and engaged in the encouraged industries or by foreign-invested enterprises established in the western regions and engaged in the encouraged or advantageous industries, except for those listed in the Catalogue for Imported Products not Subject to Tax Exemption in Domestic Invested Projects, the Catalogue for Imported Products not Subject to Tax Exemption in Foreign Invested Projects, and the Catalogue for Imported Major Technical Equipment and Products not Subject to Tax Exemption. (Note: The western regions refer to Chongqing Municipality, Sichuan Province, Guizhou Province, Yunnan Province, Tibet Autonomous Region, Shaanxi Province, Gansu Province, Ningxia Hui Autonomous Region, Qinghai Province, Xinjiang Production and Construction Corps, Xinjiang Uygur Autonomous Region, Inner Mongolia Autonomous Region and Guangxi Zhuang Autonomous Region. Hunan Xiangxi Tujia-Miao Autonomous Prefecture, Hubei Enshi Tujia-Miao Autonomous Prefecture and Jilin Yanbian Korean Autonomous Prefecture may enjoy the tax policies for the western regions. Ganzhou of Jiangxi Province began to enjoy the preferential policies for the Development of the Western Regions.)

7. How the subsidy is provided

1) From 1 January 2021 to 31 December 2030, the enterprise income tax shall be levied at the reduced rate of 15%;
2) Exempted from tariff from 2001 to present and import VAT from 2001 to 31 December 2008.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

- 1) From 1 January 2021 to 31 December 2030;
- 2) From 2001 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

3 Preferential tax policies for high-tech enterprises

1. Title of the subsidy programme

Preferential tax policies for high-tech enterprises.

2. Policy objective and/or purpose of the subsidy

To encourage high and new technology industrial development and enhance the technology progress.

3. Background and authority for the subsidy

Ministry of Science and Technology (MOST), MIIT, MOF, STA.

4. Legislation under which it is granted

Article 28 of the Law of the People's Republic of China on Enterprise Income Tax (2007);
Article 93 of the Regulations for the Implementation of Law of the People's Republic of China on Enterprise Income Tax (2007).

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Enterprises recognized as high or new technology enterprises.

7. How the subsidy is provided

The enterprise income tax shall be levied at the reduced rate of 15%.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

1 January 2008 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

4 Preferential tax treatment of additional calculation and deduction of research and development expenses

1. Title of the subsidy programme

Preferential tax treatment of additional calculation and deduction of research and development expenses.

2. Policy objective and/or purpose of the subsidy

To encourage the research and development of enterprises.

3. Background and authority for the subsidy

Ministry of Science and Technology (MOST), MOF, STA.

4. Legislation under which it is granted

Article 30 of the Law of the People's Republic of China on Enterprise Income Tax (2007);
Article 95 of the Regulations for the Implementation of Law of the People's Republic of China on Enterprise Income Tax (2007);
MOF Circular Cai Shui No. 119 of 2015;
MOF and STA Announcement No. 7 of 2023;
MOF, STA, NDRC and MIIT Announcement No. 44 of 2023.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

- (1) Enterprises that currently apply a 100% pre-tax deduction rate for R&D expenses.
(2) Eligible enterprises in the integrated circuit industry and industrial machine tool industry.

7. How the subsidy is provided

(1) For enterprises engaging in R&D activities, where the actual R&D expenses incurred are not capitalized as intangible assets and are recognized as current profits or losses, an additional pre-tax deduction of 100% of the actual amount incurred shall be granted starting from 1 January 2023, on the basis of the actual deduction in accordance with regulations. For R&D expenses that form intangible assets, starting from 1 January 2023, they shall be amortized before tax at 200% of the cost of the intangible assets.

(2) For integrated circuit enterprises and industrial machine tool enterprises carrying out R&D activities, where the actual R&D expenses incurred are not capitalized as intangible assets and are recognized as current profits or losses, an additional pre-tax deduction of 120% of the actual amount incurred shall be granted during the period from 1 January 2023, to 31 December 2027, on the basis of the deduction in accordance with regulations. For R&D expenses that form intangible assets, they shall be amortized before tax at 220% of the cost of the intangible assets during the above-mentioned period.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

(1) Since 1 January 2023.

(2) From 1 January 2023 to 31 December 2027.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

5 Preferential tax policies for enterprises transferring technology

1. Title of the subsidy programme

Preferential tax policies for enterprises transferring technology.

2. Policy objective and/or purpose of the subsidy

To encourage the transfers of technology.

3. Background and authority for the subsidy

MOF, STA.

4. Legislation under which it is granted

Article 27 of the Law of the People's Republic of China on Enterprise Income Tax (2007);
Article 90 of the Regulations for the Implementation of Law of the People's Republic of China on Enterprise Income Tax (2007);
STA Circular Guo Shui Han No.212 of 2009;
MOF Circular Cai shui No. 111 of 2010;
MOF Circular Cai shui No. 116 of 2015.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Resident enterprises.

7. How the subsidy is provided

Income up to RMB 5 million from any transfer of technologies in a tax year shall be exempted from enterprise income tax. Income exceeding RMB 5 million shall be allowed a reduction by half of enterprise income tax.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

1 January 2008 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

6 Preferential tax policies for high-tech business incubators, sci-tech parks in universities and maker spaces

1. Title of the subsidy programme

Preferential tax policies for high-tech business incubators, sci-tech parks in universities and maker spaces.

2. Policy objective and/or purpose of the subsidy

To encourage scientific and technological innovation and promote employment and entrepreneurship.

3. Background and authority for the subsidy

MOF, STA, MOE, MOST, MIIT (relevant functions of the MOST have been transferred to MIIT since 2023).

4. Legislation under which it is granted

MOF Circular Cai Shui No. 120 of 2018;
MOF and STA Announcement No. 4 of 2022;
MOF, STA, MOST and MOE Announcement No. 42 of 2023.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Eligible high-tech business incubators, sci-tech parks in universities and maker spaces.

7. How the subsidy is provided

(1) Self-used house properties and land or house properties and land provided to the enterprises being incubated through leasing and other means shall be exempted from the real estate tax and the urban land use tax.

(2) VAT shall be exempted from the incomes from providing incubation services to the enterprises being incubated.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

- (1) From 1 January 2019 to 31 December 2023;
- (2) From 1 January 2024 to 31 December 2027.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

In 2023, tax reductions and exemptions amounted to RMB 937 million.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

7 Preferential tax policies for advanced technology service enterprises

1. Title of the subsidy programme

Preferential tax policies for advanced technology service enterprises.

2. Policy objective and/or purpose of the subsidy

To promote the development of advanced technology service enterprises.

3. Background and authority for the subsidy

NDRC, MOF, STA, MOST, MIIT, MOFCOM.

4. Legislation under which it is granted

MOF Circular Cai Shui No .79 of 2017;
MOF Circular Cai shui No. 44 of 2018.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

- (1) Advanced technology service enterprises (service outsourcing) identified nationwide as of 1 January 2017.
- (2) Advanced technology service enterprises (service trade) identified nationwide as of 1 January 2018.

7. How the subsidy is provided

The enterprise income tax is levied at a reduced rate of 15%. For employee education expenses, the portion not exceeding 8% of the total salary and wages is allowed to be deducted when calculating the taxable income; the excess portion is allowed to be carried forward for deduction in subsequent tax years.

The enterprise income tax is levied at a reduced rate of 15%.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

- (1) Since 1 January 2017.
- (2) Since 1 January 2018.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

8 Preferential tax treatment for public infrastructure projects that are particularly supported by the State

1. Title of the subsidy programme

Preferential tax treatment for public infrastructure projects that are particularly supported by the State.

2. Policy objective and/or purpose of the subsidy

To promote the construction of infrastructure projects.

3. Background and authority for the subsidy

NDRC, MOF, STA.

4. Legislation under which it is granted

Article 27 of the Law of the People's Republic of China on Enterprise Income Tax (2007);
Article 87 of the Regulations for the Implementation of Law of the People's Republic of China on Enterprise Income Tax (2007);
MOF Circular Cai Shui No. 46 of 2008;
MOF Circular Cai Shui No. 116 of 2008;
MOF Circular Cai Shui No. 10 of 2012;
STA Circular Guo Shui Fa No. 80 of 2009;
MOF Circular Cai Shui No. 55 of 2014.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Enterprise income derived from investment in and operation of public infrastructure projects such as harbors, wharves, airports, railways, highways, urban public transportation, electric power and water conservancy projects as specified in the Catalogue of Public Infrastructure Projects for Preferential Enterprise Income Tax Treatment.

7. How the subsidy is provided

Starting from the year receiving income from the project's operation or production, the enterprise shall be exempted from enterprise income tax in the first through the third year and allowed a tax reduction by half in the fourth year through the sixth year.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

1 January 2008 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

9 Preferential tax treatment for projects for environmental protection, water and energy conservation

1. Title of the subsidy programme

Preferential tax treatment for projects for environmental protection, water and energy conservation.

2. Policy objective and/or purpose of the subsidy

Protect the environment, conserve energy and resources, and promote resource recycling.

3. Background and authority for the subsidy

MOF, STA, NDRC, MEE.

4. Legislation under which it is granted

Article 27 and 34 of the Law of the People's Republic of China on Enterprise Income Tax (2007);
Article 88 and 100 of the Regulations for the Implementation of Law of the People's Republic of China on Enterprise Income Tax (2007);
MOF Circular Cai Shui No. 48 of 2008;
MOF Circular Cai Shui No. 10 of 2012;
MOF Circular Cai Shui No. 69 of 2009;
MOF Circular Cai Shui No. 131 of 2016;
MOF Circular Cai Shui Announcement No. 71 of 2017;
MOF Circular Cai Shui Announcement No. 84 of 2018;
MOF, STA, NDRC, Ministry of Ecology and Environment (MEE) Announcement No. 36 of 2021;
MOF and STA Announcement No. 9 of 2024.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

1) Enterprise income derived from the qualified projects of environmental protection or energy and water conservation such as projects of public sewage treatment, public refuse treatment, comprehensive development and utilization of methane, technological upgrading for energy conservation and emission reduction, and seawater desalination etc.;

2) The equipment specially designed for environmental protection, energy and water conservation, safe production etc. as specified in the Catalogue of Special Environmental Protection Equipment for Preferential Enterprise Income Tax Treatment, the Catalogue of Special Energy and Water Conservation Equipment for Preferential Enterprise Income Tax Treatment and the Catalogue of Special Safe Production Equipment for Preferential Enterprise Income Tax Treatment purchased and actually used by an enterprise;

3) Enterprise investments in the digital and intelligent upgrades of equipment specifically dedicated to energy conservation, water conservation, environmental protection, and safety production.

7. How the subsidy is provided

- 1) The enterprise shall, starting from the year receiving income from the project operation or production, be exempted from enterprise income tax in the first year through the third year and allowed a tax reduction by half in the fourth year through the sixth year;
- 2) 10% of its investment in the special equipment may be credited against its tax payable for the current year, and any amount that is not credited in that year may be carried forward and credited in the following five tax years;
- 3) For investments made by enterprises from 1 January 2024 to 31 December 2027, in digital and intelligent transformation of dedicated equipment for energy conservation, water conservation, environmental protection, and work safety, up to 50% of the equipment's original tax basis at the time of purchase, a tax credit of 10% of the enterprise's current year's tax liability is allowed. If the enterprise's current year's tax liability is insufficient to absorb the credit, the unused portion can be carried forward for up to five subsequent years.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

(1-2) Since 1 January 2008.

(3) From 1 January 2024 to 31 December 2027.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

10 Preferential tax treatment for enterprises with comprehensive utilization of resources

1. Title of the subsidy programme

Preferential tax treatment for enterprises with comprehensive utilization of resources.

2. Policy objective and/or purpose of the subsidy

To promote comprehensive utilization of resources and protect environment.

3. Background and authority for the subsidy

MOF, STA, NDRC, MEE.

4. Legislation under which it is granted

Article 33 of the Law of the People's Republic of China on Enterprise Income Tax (2007);
Article 99 of the Regulations for the Implementation of Law of the People's Republic of China on Enterprise Income Tax (2007);
MOF Circular Cai Shui No. 47 of 2008;
MOF Circular Cai Shui Announcement No. 117 of 2018;
MOF, STA, NDRC and MEE Announcement No. 36 of 2021.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Enterprise income derived from manufacturing products listed in the same Catalogue that meet relevant national and industrial standards with the resources specified in the Catalogue of Comprehensive Use of Resources for Preferential Enterprise Income Tax Treatment as its main raw materials.

7. How the subsidy is provided

It shall be included in the total taxable income of the enterprise in the current year at a reduced amount of 90%.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

1 January 2008 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

11 Preferential VAT treatment for integrated utilization of resources1. Title of the subsidy programme

Preferential VAT treatment for integrated utilization of resources.

2. Policy objective and/or purpose of the subsidy

To promote integrated utilization of resources, energy conservation and emission reduction.

3. Background and authority for the subsidy

MOF, STA.

4. Legislation under which it is granted

MOF Circular Cai Shui No.78 of 2015;
MOF and STA Announcement No. 90 of 2019;
MOF and STA Announcement No. 40 of 2021.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

(1-4) Self-produced products listed in the Catalogue of Preferential Value-added Tax Policies for Products and Labor Services Generated from the Comprehensive Utilization of Resources that meet relevant national and industrial standards with the resources specified in the Catalogue of Preferential Value-added Tax Policies for Products and Labor Services Generated from the

Comprehensive Utilization of Resources as its main raw materials sold by a taxpayer and labor services provided through the comprehensive utilization of resources by a taxpayer.
(5-11): Eligible individuals.

7. How the subsidy is provided

- (1) The VAT shall be fully refunded upon collection.
- (2) The VAT shall be refunded by 70% upon collection.
- (3) The VAT shall be refunded by 50% upon collection.
- (4) The VAT shall be refunded by 30% upon collection.
- (5) The VAT shall be fully refunded upon collection.
- (6) The VAT shall be refunded by 90% upon collection.
- (7) The VAT shall be refunded by 70% upon collection.
- (8) The VAT shall be refunded by 50% upon collection.
- (9) The VAT shall be refunded by 30% upon collection.
- (10) General taxpayers engaged in recycling of renewable resources sales of its acquisition of renewable resources can choose the simple taxation method in accordance with the 3% taxation rate.
- (11) Taxpayers engaged in the projects of the Catalogue 2.15 "Sewage treatment plant effluent, industrial drainage (mine water), domestic sewage, waste treatment plant infiltration (filtrate)", 5.1 "Waste treatment, sludge treatment and disposal services" and 5.2 "Sewage treatment services" can enjoy the immediate VAT refund policy as stipulated in "III" of this Notice, and can also choose the VAT full exemption policy.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

- (1-4) From 1 July 2015 to 28 February 2022.
- (5-11) Since 1 March 2022.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

12 Preferential VAT treatment for new type wall material products

1. Title of the subsidy programme

Preferential VAT treatment for new type wall material products.

2. Policy objective and/or purpose of the subsidy

To promote new type wall material products, facilitate energy conservation and the protection of cultivated land.

3. Background and authority for the subsidy

MOF, STA.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 73 of 2015;
MOF and STA Announcement No. 90 of 2019.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Self-produced new type wall materials listed in the Catalogue of New Type Wall Materials That Enjoy the Refund upon Collection of Value-added Tax sold by a taxpayer.

7. How the subsidy is provided

The VAT shall be refunded by 50% upon collection.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

1 July 2015 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

13 Preferential consumption tax on comprehensively utilized and produced petroleum products

1. Title of the subsidy programme

Preferential consumption tax on comprehensively utilized and produced petroleum products.

2. Policy objective and/or purpose of the subsidy

To promote comprehensive utilization of resources and protect environment.

3. Background and authority for the subsidy

MOF, STA.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 118 of 2010;
MOF Circular Cai Shui No. 105 of 2013;
MOF Circular Cai Guan Shui No. 79 of 2013;
MOF Circular Cai Shui No. 144 of 2018;
MOF Circular Cai Shui No. 35 of 2016;
MOF and STA Announcement No. 69 of 2023.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

- (1) The pure biodiesel produced in accordance with the national standard of Biodiesel Blend Stock (BD100) for Diesel Engine Fuels and from raw materials of which the amount of the waste animal oil and vegetable oil is no less than 70%.
- (2) The imported biodiesel and blend meeting the national standard of Biodiesel Blend Stock (BD100) for Diesel Engine Fuels.
- (3) Industrial oils such as lubricant base oil, gasoline and diesel which are made from reclaimed used mineral oils.

7. How the subsidy is provided

The consumption tax shall be exempted.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

- (1-2) Since 1 January 2009.
- (3) 1 November 2013 to 31 October 2018. From 1 November 2018 to 31 December 2027.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

14 Preferential tax treatment for energy-saving and new energy vehicles and vessels1. Title of the subsidy programme

Preferential tax treatment for energy-saving and new energy vehicles and vessels.

2. Policy objective and/or purpose of the subsidy

To promote utilization of energy-saving and new energy products and protect environment.

3. Background and authority for the subsidy

MOF, STA, Ministry of Industry and Information Technology (MIIT), Ministry of Transport (MOT).

4. Legislation under which it is granted

MOF, STA and MIIT Announcement No. 53 of 2014;
 MOF, STA, MIIT and MOST Announcement No. 172 of 2017;
 MOF and STA Announcement No. 75 of 2019;
 Article 4 of Vehicle and Vessel Tax Law;
 Article 10 of Regulations for the Implementation of the Vehicle and Vessel Tax Law;
 MOF Circular Cai Shui No. 74 of 2018;
 MOF Announcement No. 21 of 2020;

MOF, STA and MIIT Announcement No. 27 of 2022;
MOF, STA and MIIT Announcement No. 10 of 2023.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

- (1) The new energy vehicles that are listed in the Catalogue of the Models of New Energy Vehicles Exempted from Vehicle Purchase Tax.
- (2) The energy-saving vehicles conforming to the standards.
- (3) The new energy vehicles and vessels conforming to the standards.

7. How the subsidy is provided

From 1 September 2014 to 31 December 2023: Exempt from vehicle purchase tax. From 1 January 2024 to 31 December 2027: For new energy vehicles purchased between 1 January 2024 and 31 December 2025: Exempt from vehicle purchase tax, with the tax exemption for each new energy passenger vehicle not exceeding RMB 30,000. For new energy vehicles purchased between 1 January 2026 and 31 December 2027: Vehicle purchase tax is halved, with the tax reduction for each new energy passenger vehicle not exceeding RMB 15,000.
- (2) The vehicle and vessel tax shall be allowed a reduction by half.
- (3) The vehicle and vessel tax shall be exempted.

8. Period covered by the notification

2023-2024

9. Duration of the subsidy and/or any other time-limits attached to it

- (1) From 1 September 2014 to 31 December 2027.
- (2-3) Since 7 May 2015.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

15 Preferential tax treatment for the public buses and trolleybuses purchased by urban public transportation enterprises

1. Title of the subsidy programme

Preferential tax treatment for energy-saving and new energy vehicles and vessels.

2. Policy objective and/or purpose of the subsidy

To alleviate the burden of urban public transportation enterprises, and promote the healthy and stable development of road transportation industry.

3. Background and authority for the subsidy

MOF, STA.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 51 of 2012;
 MOF Circular Cai Shui No. 84 of 2016;
 Article 9 of Vehicle Purchase Tax Law (as of 1 July 2019).

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

The public buses and trolleybuses purchased by urban public transportation enterprises.

7. How the subsidy is provided

The vehicle purchase tax shall be exempted.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

1 January 2012 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

16 Preferential tax policies for Clean Development Mechanism1. Title of the subsidy programme

Preferential tax policies for Clean Development Mechanism.

2. Policy objective and/or purpose of the subsidy

To reduce the emission of greenhouse gas (GHG).

3. Background and authority for the subsidy

MOF, STA.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 30 of 2009.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

- (1) Specified income derived from the China Clean Development Mechanism Fund (CDMFUND).
- (2) The portion of income derived from the transfer of greenhouse gas emission reductions by CDM project enterprises which is paid to the State.

From 1 January 2021 to 31 December 2023;
From 1 January 2024 to 31 December 2027.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

21 Preferential tax treatment for anti-HIV-AIDS medicine

1. Title of the subsidy programme

Preferential tax treatment for anti-HIV-AIDS medicine.

2. Policy objective and/or purpose of the subsidy

To promote the prevention and treatment of HIV-AIDS.

3. Background and authority for the subsidy

MOF, STA, GAC.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 73 of 2019;
MOF Circular Cai Shui No. 6 of 2021;
MOF Circular Cai Guan Shui No. 13 of 2021;
MOF and STA Announcement No. 62 of 2023.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

- (1) Imported anti-HIV-AIDS medicine.
- (2) Domestically produced anti-HIV-AIDS medicine by designated domestic producers.

7. How the subsidy is provided

- (1) Tariff and import VAT shall be exempted.
- (2) VAT in the production and circulation stages shall be exempted.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

- (1) From 1 January 2021 to 31 December 2030.
- (2) From 1 January 2016 to 31 December 2027.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

22 Preferential tax policies for farming, forest, animal husbandry and fishery product projects

1. Title of the subsidy programme

Preferential tax policies for farming, forest, animal husbandry and fishery product projects.

2. Policy objective and/or purpose of the subsidy

To support the development of agriculture.

3. Background and authority for the subsidy

MOF, STA.

4. Legislation under which it is granted

Article 27 of the Law of the People's Republic of China on Enterprise Income Tax (2007);
 Article 86 of the Regulations for the Implementation of Law of the People's Republic of China on Enterprise Income Tax (2007);
 MOF Circular Cai Shui No. 149 of 2008;
 MOF Circular Cai Shui No. 26 of 2011.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Enterprise income derived from farming, forestry, animal husbandry and fishery projects.

7. How the subsidy is provided

The enterprise income tax may be exempted or reduced.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

2008 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

23 Preferential tax treatment for border-selling tea1. Title of the subsidy programme

Preferential tax treatment for border-selling tea.

2. Policy objective and/or purpose of the subsidy

To reduce the costs of ethnic minorities living in border areas to purchase border-selling tea, and ensure the supply of border-selling tea at the border areas inhabited by ethnic minorities.

3. Background and authority for the subsidy

MOF, STA.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 83 of 2019;
 MOF Circular Cai Shui No. 4 of 2021;
 MOF and STA Announcement No. 59 of 2023.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

The border-selling tea sold and manufactured by its manufacturers and distributed by its distributors.

7. How the subsidy is provided

The VAT shall be exempted.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

From 1 January 2016 to 31 December 2027.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

24 Preferential tax treatment for imported products for the purpose of replacing the planting of poppies

1. Title of the subsidy programme

Preferential tax treatment for imported products for the purpose of replacing the planting of poppies.

2. Policy objective and/or purpose of the subsidy

To support the replacement of the planting of poppies.

3. Background and authority for the subsidy

NDRC, MOF, MOFCOM, GAC.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 63 of 2000.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Imported agricultural products within the approved scope for the purpose of replacing the planting of poppies in the border areas of Yunnan Province.

7. How the subsidy is provided

Tariffs and import VAT shall be exempted.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

1 January 2000 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

25 Preferential tax policies on imports of seeds and breeds

1. Title of the subsidy programme

Preferential tax policies on imports of seeds and breeds.

2. Policy objective and/or purpose of the subsidy

To introduce and promote improved breeds, to strengthen the protection of species resources, and to develop high-quality, productive and efficient agriculture and forestry industries.

3. Background and authority for the subsidy

MOF, GAC, STA.

4. Legislation under which it is granted

MOF Circular Cai Guan Shui No. 29 of 2021.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Imported seeds (seedlings), breeding stock (fowl), fish fries (breeds) and wild animals and plants kept as breeds which are within the scope of the approved species and quantities. Imported seed sources that are eligible for the List of Goods Exempt from VAT on Imported Seed Sources.

7. How the subsidy is provided

The import VAT shall be exempted.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

From 1 January 2016 to 31 December 2025.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

26 Preferential tax policies on backfilling mining and mining resources of depleted mines

1. Title of the subsidy programme

Preferential tax policies on backfilling mining and mining resources of depleted mines.

2. Policy objective and/or purpose of the subsidy

To promote the sustainable and healthy development of the resource industry, and promote the economic restructuring and the transformation of the mode of development.

3. Background and authority for the subsidy

MOF, STA.

4. Legislation under which it is granted

Article 6 of Resource Tax Law (2020);
MOF Circular Cai Shui No. 32 of 2020;
MOF Circular Cai Shui No. 36 of 2023.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

- (1) The mineral resources of depleted mines that meet the requirements.
(2) The coal replaced through backfill mining.

7. How the subsidy is provided

- (1) The resource tax shall be reduced by 30%.
(2) The resource tax shall be reduced by 50%.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

- (1) Since 1 September 2020.
(2) From 1 December 2014 to 31 December 2027.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

27 Preferential tax treatment for import of equipment

1. Title of the subsidy programme

Preferential tax treatment for import of equipment.

2. Policy objective and/or purpose of the subsidy

To attract foreign investment, encourage domestic investment and promote structural adjustment and industrial upgrading.

3. Background and authority for the subsidy

NDRC, MOF, GAC, STA, MOFCOM.

4. Legislation under which it is granted

State Council Circular Guo Fa No. 37 of 1997;
MOF GAC STA Announcement No. 43 of 2008.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Imported self-use equipment for eligible domestic investment projects and foreign-invested projects encouraged by the state, imported equipment for projects financed by foreign government loans and international financial organization loans, and non-price imported equipment provided by foreign parties in processing trade, etc.

7. How the subsidy is provided

The tariff shall be exempted.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

1998 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

28 Policies on the urban land use tax of oil and gas production enterprises

1. Title of the subsidy programme

Policies on the urban land use tax of oil and gas production enterprises.

2. Policy objective and/or purpose of the subsidy

To ensure energy supply.

3. Background and authority for the subsidy

MOF, STA.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 76 of 2015.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Land used by oil and natural gas (including shale gas and coal-bed methane) production enterprises.

7. How the subsidy is provided

(1) The following construction land for petroleum and natural gas production is exempt from urban land use tax: temporary construction land for geological exploration, drilling, down-hole operations, surface engineering of oil and gas fields; land for special railway lines, highways, and oil (gas/water) pipelines outside the enterprise plant area; and land for long-distance oil and gas pipelines;
(2) Land used for fire protection, flood control and drainage, windbreak, and sand prevention facilities in industrial and mining areas outside cities, county towns, and established towns is exempt from urban land use tax.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

1 July 2015 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

29 Preferential tax treatment for dutiable oils used in the production of ethylene aromatics

1. Title of the subsidy programme

Preferential tax treatment for dutiable oils used in the production of ethylene aromatics.

2. Policy objective and/or purpose of the subsidy

To facilitate the sound development of olefin chemical industry and fair competition among enterprises producing like products.

3. Background and authority for the subsidy

MOF, STA, GAC, the People's Bank of China (PBOC).

4. Legislation under which it is granted

MOF Circular Cai Shui No .87 of 2011;
MOF Circular Cai shui No. 2 of 2013.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

(1) Producing enterprises who produce their own naphtha and fuel oil for the production of ethylene and aromatic chemicals are temporarily exempted from consumption tax on the basis of the actual quantity consumed;

(2) The consumption tax on the enterprises which produce ethylene and aromatic products by using naphtha and fuel oil purchase and use the same to produce the ethylene and aromatic hydrocarbon chemical products (including domestic and imported naphtha and fuel oil) shall be temporarily refunded according to the actual consumption quantity.

7. How the subsidy is provided

The consumption tax shall be exempted or refunded on the actual quantity consumed.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

1 October 2011 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

30 Preferential tax policies for integrated circuit industry

1. Title of the subsidy programme

Preferential tax policies for integrated circuit industry.

2. Policy objective and/or purpose of the subsidy

To encourage the development of integrated circuit industry.

3. Background and authority for the subsidy

NDRC, MIIT, MOF, GAC, STA.

4. Legislation under which it is granted

State Council Circular Guo Fa No. 18 of 2000;
Article 36 of the Law of the People's Republic of China on Enterprise Income Tax (2007);
MOF Circular Cai Shui No. 1 of 2008;
MOF, GAC and STA Announcement No. 43 of 2008;
MOF Decree No. 62 of 2011;
State Council Circular Guo Fa No. 4 of 2011;
MOF Circular Cai Shui No. 27 of 2012;
MOF Circular Cai Shui No. 6 of 2015;
MOF Circular Cai Shui No. 49 of 2016;
MOF Circular Cai Shui No. 27 of 2018;
State Council Circular Guo Fa No. 8 of 2020;
MOF, STA, NDRC and MIIT Announcement No. 45 of 2020;
MOF Circular Cai Guan Shui No. 4 of 2021;
MIIT, NDRC, MOF and STA Announcement No. 9 of 2021;
MIIT Joint Electronic Letter No. 206 of 2021.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

- (1) The integrated circuit producing enterprises with investment of more than RMB 8 billion or producing integrated circuit with a line width less than 0.25 um.
- (2) The recognized integrated circuit producing enterprises producing integrated circuit with a line width less than 0.8 um.
- (3) Integrated circuit producing enterprises
- (4) The eligible integrated circuit packaging and testing enterprises, the enterprises manufacturing the key special-purpose materials for integrated circuits, and the enterprises manufacturing the key equipment for integrated circuits.
- (5) The integrated circuit producing enterprises newly invested and established after 1 January 2018 producing integrated circuit with a line width less than 130 nm, and their operating cycle is no less than 10 years.
- (6) The integrated circuit producing enterprises newly invested and established after 1 January 2018 producing integrated circuit with a line width less than 65 nm or with investment of more than RMB 15 billion, and their operating cycle is no less than 15 years.
- (7) The eligible integrated circuit producing enterprises and relevant enterprises based on the provisions of Announcement No. 45 of 2020.
- (8) Integrated circuit producing enterprises producing logic circuit less than 65nm and memory, enterprises producing circuit with line width less than 0.25 micron, enterprises and advanced packaging and testing enterprises producing compound integrated circuit with line width less than 0.5 micron, enterprises producing key raw materials and spare parts related with the industry, design enterprises and software enterprises that the state encourages to produce key integrated circuit and construction enterprises undertaking major integrated circuit projects.

7. How the subsidy is provided

- (1) Enterprises with an operating cycle of no less than 15 years shall, starting from the year beginning to make profit, be exempted from enterprise income tax in the first year through the fifth year and allowed a tax reduction by half in the sixth year through the tenth year (5 years of exemption and 5 years of reduction by half).
- (2) The income tax shall, starting from the year beginning to make profit, be exempted in the first and second year and allowed a tax reduction by half in the third year through the fifth year (2 years of exemption and 3 years of reduction by half).
- (3) The depreciation period for production equipment utilized by integrated circuit manufacturing enterprises may be appropriately shortened, with the shortest depreciation period of 3 years.
- (4) The depreciation period for production equipment utilized by integrated circuit manufacturing enterprises may be appropriately shortened, with the shortest depreciation period of 3 years. For those that have made no profit before 2017, the starting year for them to enjoy the treatment shall be 2017 till its expiration on them.
- (5) From the first year to the second year, the enterprise income tax shall be exempted. From the third year to the fifth year, the enterprise income tax shall be reduced by half at the statutory rate of 25% until the expiration of the period.
- (6) From the first year to the fifth year, the enterprise income tax shall be exempted. From the sixth year to the tenth year, the enterprise income tax shall be levied at the statutory rate of 25% until the expiration of the period.
- (7) For eligible integrated circuit production enterprises or projects, different levels of corporate income tax relief shall be applied.
- (8) Eligible integrated circuit production enterprises importing relevant raw materials and consumables shall be exempted from import tariffs. For enterprises undertaking major integrated circuit projects importing new equipment, they shall be allowed to pay VAT on the import links in instalments within six years, in addition to the relevant non-exempted catalogue.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

- (1) Since 1 January 2008.
- (2) Since 2008.
- (3) Since 1 January 2011.
- (4) Since 1 January 2014.
- (5) After 1 January 2018.
- (6) After 1 January 2018.
- (7) After 1 January 2020.
- (8) From 27 July 2020 to 31 December 2030.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

31 Preferential vat for large passenger aircraft and new regional aircraft

1. Title of the subsidy programme

Preferential VAT for large passenger aircraft and new regional aircraft.

2. Policy objective and/or purpose of the subsidy

To encourage R&D in aircraft manufacturing industry.

3. Background and authority for the subsidy

MOF, STA.

4. Legislation under which it is granted

MOF and STA Announcement No. 27 of 2023.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

(1) Taxpayers engaged in large civil aircraft engine, medium to high-power civil turboshaft and turboprop engine development projects.

(2) Taxpayers producing and selling new regional aircraft.

(3) Taxpayers engaged in development projects of large passenger aircraft (a civil airliner with an unloaded weight of more than 45 tons).

(4) Taxpayer manufacturing and selling civil jet aircraft with an unladen weight greater than 25 tons.

7. How the subsidy is provided

(1) The remaining amount of VAT at the end of the period shall be refunded.

(2) The VAT shall be temporarily levied at a reduced 5%, and the remaining amount of VAT at the end of the period due to the production and sales of new regional aircraft shall be refunded.

(3) The remaining amount of VAT at the end of the period shall be refunded.

(4) The VAT shall be temporarily levied at a reduced 5%, and the remaining amount of VAT at the end of the period due to the production and sales of civil jet aircraft with an unladen weight greater than 25 tons shall be refunded.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

(1) From 1 January 2018 to 31 December 2027.

(2) From 1 January 2019 to 31 December 2027.

(3) From 1 January 2019 to 31 December 2027.

(4) From 20 December 2022 to 31 December 2027.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

32 Tax policies for civil aircraft engine and civil aircraft

1. Title of the subsidy programme

Tax policies for civil aircraft engine and civil aircraft.

2. Policy objective and/or purpose of the subsidy

To encourage R&D in aircraft manufacturing industry.

3. Background and authority for the subsidy

MOF, STA.

4. Legislation under which it is granted

MOF and STA Announcement No. 88 of 2019;
MOF and STA Announcement No. 6 of 2021;
MOF Circular Cai Shui No. 27 of 2023;
MOF and STA Announcement No.27 of 2023.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

(1) Taxpayers engaged in large civil aircraft engine, high-power civil turboshaft and turboprop engine development projects; taxpayers and their wholly-owned subsidiaries engaged in large civil aircraft engine, medium to high-power civil turboshaft and turboprop engine development projects.

(2) Taxpayers and their wholly-owned subsidiaries engaged in development projects of civil passenger aircraft with an unloaded weight of more than 45 tons.

7. How the subsidy is provided

Self-use house properties and land for scientific research, production and offices shall be exempted from house property tax and urban land use tax.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

(1) From 1 January 2018 to 31 December 2023; from 1 January 2024 to 31 December 2027.

(2) From 1 January 2019 to 31 December 2023; from 1 January 2024 to 31 December 2027.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

33 Promoting entrepreneurship and employment of key groups1. Title of the subsidy programme

Promoting entrepreneurship and employment of key groups.

2. Policy objective and/or purpose of the subsidy

To support and promote the entrepreneurship and employment of key groups.

3. Background and authority for the subsidy

MOF, STA, MOHRSS, MARA.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 22 of 2019;
MOF, STA, MOHRSS and NARA Announcement No. 18 of 2021;
MOF, STA, MOHRSS and MARA Announcement No. 15 of 2023.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

(1) Registered poor people and those with the Employment and Entrepreneurship Certificate (with indication of "tax policy for independent entrepreneurship" or "tax policy for independent entrepreneurship within graduation year") or the Employment Unemployment Registration Certificate (with indication of "tax policy for independent entrepreneurship") who engage in individual business operation.

(2) An enterprise recruits a registered poor person or one who has been registered as being unemployed with the public employment service agency of the human resources and social security department for more than half a year and holds the Employment and Entrepreneurship Certificate or the Employment Unemployment Registration Certificate (with indication of "tax policy of being introduced by enterprises"), and signs with him a labor contract with a term of more than one year and pays the social insurance premium according to law.

(3) People that have been lifted out of poverty (including those who are monitored to prevent a return to poverty, the same as below) and those with the Employment and Entrepreneurship Certificate (with indication of "tax policy for independent entrepreneurship" or "tax policy for independent entrepreneurship within graduation year") or the Employment Unemployment Registration Certificate (with indication of "tax policy for independent entrepreneurship") who engage in individual business operation.

(4) An enterprise recruits people that have been lifted out of poverty or one who has been registered as being unemployed with the public employment service agency of the human resources and social security department for more than half a year and holds the Employment and Entrepreneurship Certificate or the Employment Unemployment Registration Certificate (with indication of "tax policy of being introduced by enterprises"), and signs with him a labor contract with a term of more than one year and pays the social insurance premium according to law.

7. How the subsidy is provided

(1) From the month of registration as individual industrial and commercial households, the VAT, urban maintenance and construction tax, educational surtax, local educational surtax and individual income tax actually payable in the current year shall be deducted within 3 years (36 months, the same below) according to the annual limit of RMB 12,000 per household. The maximum limit can be raised by 20%. The people's governments of provinces, autonomous regions and municipalities directly under the central government can determine the specific limits within this range according to their own actual situations.

(2) From the month when the labor contract is signed and social insurance premium is paid, the preferential VAT, urban maintenance and construction tax, educational surtax, local educational surtax and enterprise income tax shall be deducted in proper order and in quotas according to the actual number of employees within three years. The quota is RMB 6,000 per person per year, and the maximum limit can be raised by 30%. The people's governments of provinces, autonomous regions and municipalities directly under the central government can determine the specific quota standards within this range according to their own actual situations. The tax basis of urban maintenance and construction fees, educational surtax and local educational surtax shall be the amount of VAT payable before implementation of this preferential tax policy.

(3) From the month of registration as individual industrial and commercial households, the VAT, urban maintenance and construction tax, educational surtax, local educational surtax and individual income tax actually payable in the current year shall be deducted within 3 years according to the annual limit of RMB 20,000 per household. The maximum limit can be raised by 20%. The people's governments of provinces, autonomous regions and municipalities directly under the central government can determine the specific limits within this range according to their own actual situations.

(4) From the month when the labor contract is signed and social insurance premium is paid, the preferential VAT, urban maintenance and construction tax, educational surtax, local educational surtax and enterprise income tax shall be deducted in proper order and in quotas according to the actual number of employees within three years. The quota is RMB 6,000 per person per year, and the maximum limit can be raised by 30%. The people's governments of provinces, autonomous regions and municipalities directly under the central government can determine the specific quota standards within this range according to their own actual situations. The tax basis of urban maintenance and construction taxes, educational surtax and local educational surtax shall be the amount of VAT payable before implementation of this preferential tax policy.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

(1-2) From 1 January 2019 to 31 December 2025.

(3-4) From 1 January 2023 to 31 December 2027.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

34 Accelerated depreciation of fixed assets

1. Title of the subsidy programme

Accelerated depreciation of fixed assets.

2. Policy objective and/or purpose of the subsidy

To speed up industrial restructuring.

3. Background and authority for the subsidy

MOF, STA.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 75 of 2014;
MOF Circular Cai Shui No. 106 of 2015;
MOF Circular Cai Shui No. 54 of 2018;
Announcement No. 66 of 2019;
MOF and STA Announcement No. 6 of 2021;
MOF and STA Announcement No. 37 of 2023.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

(1) Enterprises in six industries: biological medicine manufacturing, special equipment manufacturing, manufacturing of railway, shipping, aerospace and other transportation equipment,

computer, communication and other electronic equipment manufacturing, instrument manufacturing, information transmission, software and information technology services.

(2) Small enterprises making little profits in six industries: biological medicine manufacturing, special equipment manufacturing, manufacturing of railway, shipping, aerospace and other transportation equipment, computer, communication and other electronic equipment manufacturing, instrument manufacturing, information transmission, software and information technology services.

(3) Enterprises in all industries.

(4) Enterprises in all industries.

(5) Enterprises in the four key industries: light industry, textile, machinery and automobile.

(6) Small enterprises making little profits in the four industries specified in (5).

(7) Enterprises in all industries.

(8) The whole manufacturing industry.

7. How the subsidy is provided

(1) Newly acquired fixed assets after 1 January 2014 may be depreciated over a shorter period or by an accelerated depreciation method.

(2) For newly acquired instruments and equipment used in research and development and production and operation after 1 January 2014, if the unit value does not exceed RMB 1 million, they are allowed to be deducted in the calculation of taxable income as a one-time charge to current costs and expenses, and depreciation will no longer be calculated on an annual basis; if the unit value exceeds RMB 1 million, the depreciable life may be shortened or accelerated depreciation methods may be adopted.

(3) For newly acquired instruments and equipment used in research and development of enterprises in all industries after 1 January 2014, if the unit value does not exceed RMB 1 million, they are allowed to be deducted in the calculation of taxable income as a one-time charge to current costs and expenses, and depreciation will no longer be calculated on an annual basis; if the unit value exceeds RMB 1 million, the depreciable life may be shortened or accelerated depreciation methods may be adopted.

(4) For fixed assets held by enterprises in all industries with a unit value not exceeding RMB 5,000, a one-time deduction is allowed for current costs and expenses in calculating taxable income, and depreciation is no longer calculated on an annual basis.

(5) For fixed assets newly acquired after 1 January 2015, the enterprise may choose to shorten the depreciable life or adopt the accelerated depreciation method.

(6) For newly acquired instruments and equipment used in research and development and production and operation after 1 January 2015, if the unit value does not exceed RMB 1 million, they are allowed to be deducted in the calculation of taxable income as a one-time charge to current costs and expenses, and depreciation will no longer be calculated on an annual basis; if the unit value exceeds RMB 1 million, the enterprise may choose to shorten the depreciable life or adopt the accelerated depreciation method.

(7) Newly purchased equipment and apparatus with a unit value not exceeding RMB 5 million are allowed to be deducted as a lump sum in the calculation of taxable income by including them in the current period's costs and expenses, and depreciation will no longer be calculated over the years.

(8) The scope of industries with accelerated depreciation benefits for fixed assets was extended to all manufacturing industries.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

(1-4) Since 1 January 2014.

(5-6) Since 1 January 2015.

(7) From 1 January 2018 to 31 December 2027.

(8) Since 1 January 2019.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

35 Preferential vehicle purchase tax on trailers

1. Title of the subsidy programme

Preferential vehicle purchase tax on trailers.

2. Policy objective and/or purpose of the subsidy

To promote the development of swap trailer transport, improve the efficiency of logistics and reduce the costs of logistics.

3. Background and authority for the subsidy

MOF, STA, MIIT.

4. Legislation under which it is granted

MOF, STA and MIIT Announcement No. 69 of 2018;
MOF Circular Cai Shui No. 75 of 2019;
MOF Circular Cai Shui No. 6 of 2021;
MOF, STA and MIIT Announcement No. 47 of 2023.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Trailers.

7. How the subsidy is provided

The vehicle purchase tax shall be exempted by half.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

From 1 July 2018 to 31 December 2027.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

36 Fund for agricultural development

1. Title of the subsidy programme

Fund for agricultural development.

2. Policy objective and/or purpose of the subsidy

To consolidate and enhance the foundation for agricultural industrial development, and promote the integrated development of rural industries.

3. Background and authority for the subsidy

MOF, MARA.

4. Legislation under which it is granted

MOF Circular Cai Nong No. 11 of 2023.

5. Form of the subsidy

Financial appropriations.

6. To whom the subsidy is provided

It mainly covers farmers (herdsmen, fishermen), new agricultural business entities, as well as units and individuals undertaking project tasks.

7. How the subsidy is provided

The Ministry of Finance (MOF), in conjunction with the Ministry of Agriculture and Rural Affairs (MARA), calculates, allocates, uses, and manages the fund. It is mainly used for subsidies for agricultural machinery purchase and application, seed industry development, promotion of improved varieties and technologies, integrated development of agricultural industries, livestock development, and fishery development, etc. Support methods such as direct subsidies, post-construction subsidies, reward-based subsidies, asset share quantification, and loan interest subsidies can be adopted.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

Since 2023.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

2023	2024
519.21	515.39

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

37 Fund for water conservancy development

1. Title of the subsidy programme

Fund for Water Conservancy Development.

2. Policy objective and/or purpose of the subsidy

To support the construction of soil and water conservation projects and prevent and control soil erosion.

3. Background and authority for the subsidy

MOF, Ministry of Water Resources (MWR).

4. Legislation under which it is granted

MOF Circular Cai Nong No. 81 of 2022.

5. Form of the subsidy

Financial appropriations.

6. To whom the subsidy is provided

The Water and land conservation project.

7. How the subsidy is provided

The Ministry of Finance (MOF), in conjunction with the Ministry of Water Resources, calculates and allocates the fund by the factor method. It is mainly used to support water and soil conservation project construction, quality and efficiency improvement of small watershed comprehensive management, erosion gully treatment in the black soil area of Northeast China, and other aspects.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

Since 1983.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

2023	2024
54.20	54.09

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

38 Fund for agricultural disaster prevention and mitigation and flood and drought relief1. Title of the subsidy programme

Fund for Agricultural Disaster Prevention and Mitigation and Flood and Drought Relief.

2. Policy objective and/or purpose of the subsidy

To address agricultural production disasters, prevention and control of major animal epidemics, and floods and droughts.

3. Background and authority for the subsidy

MOF, MWR, MARA.

4. Legislation under which it is granted

MOF Circular Cai Nong No. 13 of 2023.

5. Form of the subsidy

Financial appropriations.

6. To whom the subsidy is provided

Production and business entities undertaking relevant projects.

7. How the subsidy is provided

The fund for disaster relief will be distributed according to the situation of a disaster and based on a factor approach. It is mainly used for the prevention and relief of agricultural natural disasters, control of agricultural biological disasters, mandatory immunization, mandatory culling and destruction, harmless treatment in the breeding link, repair of disaster-damaged water conservancy engineering facilities, construction and repair of drought-resistant water sources and water diversion and supply facilities, etc. Support methods include government procurement services, direct financial subsidies, training, and other forms.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

This project was integrated and established in 2023.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

2023	2024
154.03	169.49

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

39 Subsidy fund for agricultural ecological resources protection

1. Title of the subsidy programme

Subsidy Fund for agricultural ecological resources protection.

2. Policy objective and/or purpose of the subsidy

It is mainly used for the conservation and utilization of agricultural resources, agricultural ecological protection, etc.

3. Background and authority for the subsidy

MOF, MARA.

4. Legislation under which it is granted

MOF Circular Cai Nong No. 11 of 2023.

5. Form of the subsidy

Financial appropriations.

6. To whom the subsidy is provided

Farmers (herdsmen, fishermen), new agricultural business entities, and other relevant units undertaking relevant project tasks.

7. How the subsidy is provided

The Ministry of Finance (MOF), in conjunction with the Ministry of Agriculture and Rural Affairs (MARA), calculates, allocates, uses, and manages the fund. It is mainly used to support the scientific use and recycling of plastic mulch, comprehensive utilization of crop straw, subsidies for grassland grazing prohibition and rewards for grass-livestock balance, protection of fishery resources, and other aspects.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

Since 2023.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

2023	2024
232.54	232.54

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

40 Subsidy fund for a new round of returning cultivated land to forests and grassland (including an extension grant)

1. Title of the subsidy programme

Subsidy fund for a new round of returning cultivated land to forests and grassland (including an extension grant).

2. Policy objective and/or purpose of the subsidy

To promote the construction of ecological civilization and sustainable development.

3. Background and authority for the subsidy

NDRC, MOF, MNR, MARA, NFGA.

4. Legislation under which it is granted

Zi Ran Zi Fa No. 191 of 2022;
MOF Circular Cai Zi Huan No. 158 of 2024.

5. Form of the subsidy

Financial appropriations.

6. To whom the subsidy is provided

Farmers who return cultivated land to forests and grassland.

7. How the subsidy is provided

The fund will be distributed to the provincial level according to tasks and the calculation and arrangement of the subsidy.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

From 2014 to 2024 (since 2022 for the extension grant).

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

2023	2024
95.42	79.85

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

41 Subsidy Fund for Energy Conservation and Emission Reduction

1. Title of the subsidy programme

Subsidy Fund for Energy Conservation and Emission Reduction.

2. Policy objective and/or purpose of the subsidy

To promote energy conservation, improve energy efficiency, protect and improve the environment.

3. Background and authority for the subsidy

MIIT, MOF, MOT.

4. Legislation under which it is granted

The Energy Conservation Law.

5. Form of the subsidy

Financial appropriations.

6. To whom the subsidy is provided

- (1) Liquidation of subsidy funds for the promotion and application of new energy vehicles.
- (2) Liquidation of rewards and subsidies for charging infrastructure.
- (3) Liquidation of pilot demonstration projects for circular economy.

7. How the subsidy is provided

Special fund.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

- (1) From 2016 to 2022, already expired and currently under liquidation.
- (2) From 2016 to 2020, already expired, and the liquidation has been completed.
- (3) From 2015 to 2020, already expired, and the liquidation has been completed.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

2023	2024
388.97	327.03

11. Statistical data permitting an assessment of the trade effects of a subsidy

42 Fund for Air Pollution Control

1. Title of the subsidy programme

Fund for Air Pollution Control.

2. Policy objective and/or purpose of the subsidy

To improve the quality of atmospheric environment.

3. Background and authority for the subsidy

MOF, Ministry of Ecology and Environment (MEE).

4. Legislation under which it is granted

MOF Circular Cai Zi Huan No. 46 of 2021; MOF Circular Cai Zi Huan No. 106 of 2022.

5. Form of the subsidy

Financial appropriations.

6. To whom the subsidy is provided

Project cities of clean heating in winter in northern China.

7. How the subsidy is provided

Fund support, a combination of project-based and factor-based approaches.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

2013 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

185.66	147.80

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

43 Special Fund for Development of International Economy and Trade

1. Title of the subsidy programme

Special Fund for Development of International Economy and Trade.

2. Policy objective and/or purpose of the subsidy

To support foreign trade and economic development, including the promotion of balanced trade development and international two-way investment.

3. Background and authority for the subsidy

MOF, MOFCOM.

4. Legislation under which it is granted

Measures for the Administration of Special Funds for Foreign Economic and Trade Development (MOF Circular Cai Jian No. 3 of 2022).

5. Form of the subsidy

Financial appropriations.

6. To whom the subsidy is provided

To supports localities in improving public services in foreign trade and economic cooperation and promoting the coordinated development of foreign trade and economic cooperation.

7. How the subsidy is provided

Upon the allocation of funds to the local authorities, the funds shall primarily be coordinated and managed by the local authorities for utilization within the realm of foreign trade and economic cooperation.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

2014 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

2023	2024
128.157	128.155

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

44 Special fund for the development of clean energy1. Title of the subsidy programme

Special fund for the development of clean energy.

2. Policy objective and/or purpose of the subsidy

To promote the utilization of clean energy.

3. Background and authority for the subsidy

MOF, NEA.

4. Legislation under which it is granted

The Renewable Energy Law.

5. Form of the subsidy

Financial appropriations.

6. To whom the subsidy is provided

Subsidy for the exploitation and utilization of unconventional natural gas (coal bed methane, shale gas and tight gas).

7. How the subsidy is provided

Special fund.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

Since 2016.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

2023	2024

46 Reward and subsidy for reducing the fees for the financing guarantee businesses of small and micro enterprises

1. Title of the subsidy programme

Reward and subsidy for reducing the fees for the financing guarantee businesses of small and micro enterprises.

2. Policy objective and/or purpose of the subsidy

To expand the scale of financing guarantee businesses for small and micro enterprises in the real economy. Reduce the financing guarantee costs of small and micro enterprises, and promote the sustainable development of financing guarantee institutions focusing on serving small and micro enterprises.

3. Background and authority for the subsidy

MOF, MIIT.

4. Legislation under which it is granted

MOF Circular Cai Jian No. 106 of 2021.

5. Form of the subsidy

Financial appropriations.

6. To whom the subsidy is provided

The financing guarantee institutions with strong policy guidance and good effect in serving small and micro enterprises.

7. How the subsidy is provided

The subsidy fund was arranged for eligible provinces and cities in 2023. No fund was arranged in 2024.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

2021-2023.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

2023	2024
30	0

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

47 Resource tax reduction for shale gas1. Title of the subsidy programme

Resource tax reduction for shale gas.

2. Policy objective and/or purpose of the subsidy

To facilitate development and utilization.

3. Background and authority for the subsidy

MOF, STA.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 26 of 2018;
 MOF Circular Cai Shui No. 32 of 2020;
 MOF Circular Cai Shui No. 6 of 2021;
 MOF Circular Cai Shui No. 46 of 2023.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Enterprises that exploit shale gas.

7. How the subsidy is provided

Resource tax (at the prescribed rate of 6%) for shale gas is reduced by 30%.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

From 1 April 2018 to 31 December 2027.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

48 Preferential tax treatment on environmental protection in agricultural production (excluding large-scale breeding)

1. Title of the subsidy programme

Preferential tax treatment on environmental protection in agricultural production (excluding large-scale breeding).

2. Policy objective and/or purpose of the subsidy

To promote energy conservation and environmental protection.

3. Background and authority for the subsidy

MOF, MEE, STA.

4. Legislation under which it is granted

Article 12 of the Environmental Protection Tax Law (2018).

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Taxpayers engaged in agricultural production (excluding large-scale breeding).

7. How the subsidy is provided

The environmental protection tax shall be temporarily exempted.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

1 January 2018 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

49 Preferential tax treatment for environmental protection of specific mobile pollution sources

1. Title of the subsidy programme

Preferential tax treatment for environmental protection of specific mobile pollution sources.

2. Policy objective and/or purpose of the subsidy

To promote energy conservation and environmental protection.

3. Background and authority for the subsidy

MOF, STA.

4. Legislation under which it is granted

Article 12 of the Environmental Protection Tax Law (2018).

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Taxpayers who own mobile pollution sources such as motor vehicles, railway locomotives, non-road mobile machinery, ships and aircraft and discharge taxable pollutants.

7. How the subsidy is provided

The environmental protection tax shall be temporarily exempted.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

1 January 2018 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

50 Preferential tax treatment for environmental protection in urban and rural centralized sewage treatment and domestic waste treatment plants

1. Title of the subsidy programme

Preferential tax treatment for environmental protection in urban and rural centralized sewage treatment and domestic waste treatment plants.

2. Policy objective and/or purpose of the subsidy

To promote energy conservation and environmental protection.

3. Background and authority for the subsidy

MOF, STA.

4. Legislation under which it is granted

Article 12 of the Environmental Protection Tax Law (2018); Article 3 of the Implementing Regulations of the Environmental Protection Tax Law.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Urban and rural centralized sewage treatment and domestic waste treatment plants established according to laws.

7. How the subsidy is provided

Those that are within the national and local emission standards shall be temporarily exempted from environmental protection tax.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

1 January 2018 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

51 Preferential tax treatment on environmental protection for comprehensive utilization of solid waste

1. Title of the subsidy programme

Preferential tax treatment on environmental protection for comprehensive utilization of solid waste.

2. Policy objective and/or purpose of the subsidy

To promote energy conservation and environmental protection.

3. Background and authority for the subsidy

MOF, STA.

4. Legislation under which it is granted

Article 12 of the Environmental Protection Tax Law (2018).

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Taxpayers of comprehensive utilization of solid waste.

7. How the subsidy is provided

Those that meet the national and local environmental protection standards shall be temporarily exempted from environmental protection tax.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

1 January 2018 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

52 Preferential environment protection tax for enterprises that are below pollutant discharge standards prescribed by the central and local governments

1. Title of the subsidy programme

Preferential environment protection tax for enterprises that are below pollutant discharge standards prescribed by the central and local governments.

2. Policy objective and/or purpose of the subsidy

To promote energy conservation and environmental protection.

3. Background and authority for the subsidy

MOF, STA.

4. Legislation under which it is granted

Article 13 of the Environmental Protection Tax Law (2018).

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Taxpayers who discharge taxable air or water pollutants with concentration values lower than 30% or 50% of the national and local standards.

7. How the subsidy is provided

If the concentration of taxable air or water pollutants discharged by a taxpayer is less than 30% of the national or local pollutant discharge standards, the environmental protection tax shall be levied at a reduced rate of 75%. If the concentration of taxable air or water pollutants discharged by a taxpayer is less than 50% of the pollutant discharge standards set by the central or the local government, the environmental protection tax shall be levied at a reduced rate of 50%.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

1 January 2018 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

53 Preferential tax treatment on financing1. Title of the subsidy programme

Preferential tax treatment on financing.

2. Policy objective and/or purpose of the subsidy

To support the financing of small enterprises making little profits.

3. Background and authority for the subsidy

MOF, STA.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 77 of 2017;
MOF Circular Cai Shui No. 90 of 2017;
MOF and STA Announcement No. 22 of 2020;
MOF and STA Announcement No. 6 of 2021;
MOF and STA Announcement No. 13 of 2023;
MOF and STA Announcement No. 16 of 2023;
MOF and STA Announcement No. 18 of 2023;
MOF and STA Announcement No. 67 of 2023.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Small enterprises making little profits, financial institutions.

7. How the subsidy is provided

(1) Stamp duty is exempted for loan contracts signed between financial institutions and small and micro enterprises.

(2) Interest income obtained by financial institutions from issuing small loans to farmers, small enterprises, micro enterprises, and self-employed individuals is exempt from value-added tax (VAT).

(4) Interest income obtained by financial institutions from issuing small loans to small enterprises, micro enterprises, and self-employed individuals is exempt from VAT. Financial institutions may choose one of two methods to apply the tax exemption. For interest income from loans issued by financial institutions to small enterprises, micro enterprises, and self-employed individuals with a single-user credit line of less than RMB 1 million (inclusive), or without a credit line, where the single-loan contract amount and loan balance are within RMB 1 million (inclusive), VAT exemption may be applied in accordance with the provisions of the MOF and STA Announcement on Tax Policies Supporting Financing for Small and Micro Enterprises (MOF and STA Announcement No. 13 of 2023).

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

(1) From 1 January 2018 to 31 December 2027.

(2) From 1 December 2017 to 31 December 2027.

(3) From 1 January 2018 to 31 December 2027.

(4) From 1 August 2023 to 31 December 2027.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

54 **Vat policy on anti-cancer drugs**

1. Title of the subsidy programme

VAT policy on anti-cancer drugs.

2. Policy objective and/or purpose of the subsidy

To encourage the development of anti-cancer pharmaceutical industries and reduce the cost of patients.

3. Background and authority for the subsidy

MOF, GAC, STA, NMPA.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 47 of 2018.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

- (1) General taxpayers of VAT for the production, sale, wholesale and retail of anti-cancer drugs.
- (2) Taxpayers of VAT for the import of anti-cancer drugs.

7. How the subsidy is provided

The VAT can be calculated and paid according to the simple method and at a collection rate of 3%. The import VAT of imported anti-cancer drugs shall be reduced to 3%.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

1 May 2018 to present.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

55 Preferential tax treatment for relocation from inhospitable areas for poverty alleviation

1. Title of the subsidy programme

Preferential tax treatment for relocation from inhospitable areas for poverty alleviation.

2. Policy objective and/or purpose of the subsidy

To facilitate relocation from inhospitable areas.

3. Background and authority for the subsidy

MOF, STA.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 135 of 2018;
MOF Circular Cai Shui No. 6 of 2021.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Poverty-stricken people eligible for relocation from inhospitable areas and resettlement housing for relocation from inhospitable areas.

7. How the subsidy is provided

On the tax policy for relocation from inhospitable areas:

- (1) Individual income tax shall be exempted from the housing construction subsidy funds, demolition and reclamation incentive funds and other monetized compensation related to the relocation from inhospitable areas obtained by the poverty-stricken people relocated from inhospitable areas and the resettlement housing for relocation from inhospitable areas (hereinafter referred to as resettlement housing);

On the tax policy for resettlement housing of relocation from inhospitable areas:

- (1) The land obtained by the implementation subject of the relocation project (hereinafter referred to as the project implementation subject) for the construction of resettlement housing shall be exempted from deed tax and stamp tax;
- (2) The stamp tax paid by the project implementation subject and project unit in the construction and distribution processes of resettlement housing shall be exempted;
- (3) The land for resettlement housing shall be exempted from urban land use tax;
- (4) If resettlement housing is built in commercial housing and other development projects, according to the proportion of the construction area of resettlement housing in the total construction area, the deed tax and urban land use tax related to the land of resettlement housing, as well as the stamp tax related to the project implementation subject and the project unit shall be calculated and then exempted;
- (5) The deed tax and stamp tax shall be exempted from project implementation entities who purchase commercial housing or buys back basic-need housing as the source of resettlement housing.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

From 1 January 2018 to 31 December 2025.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

56 Preferential tax treatment for third-party enterprises engaged in pollution prevention and control

1. Title of the subsidy programme

Preferential tax treatment for third-party enterprises engaged in pollution prevention and control.

2. Policy objective and/or purpose of the subsidy

To encourage the professional and large-scale development of pollution prevention and control enterprises, and better support the construction of ecological civilization.

3. Background and authority for the subsidy

MOF, STA, NDRC, MEE.

4. Legislation under which it is granted

MOF, STA, NDRC and MEE Announcement No. 60 of 2019;
MOF and STA Announcement No. 4 of 2022;
MOF, STA, NDRC and MEE Announcement No. 38 of 2023.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Eligible third-party enterprises engaged in pollution prevention and control.

7. How the subsidy is provided

The enterprise income tax of an eligible third-party enterprise engaged in pollution prevention and control shall be levied at a reduced rate of 15%.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

From 1 January 2019 to 31 December 2027.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

57 Fund for cultivated land construction and utilization1. Title of the subsidy programme

Fund for cultivated land construction and utilization.

2. Policy objective and/or purpose of the subsidy

To support cultivated land construction and utilization.

3. Background and authority for the subsidy

MOF, MARA.

4. Legislation under which it is granted

MOF Circular Cai Nong No. 12 of 2023.

5. Form of the subsidy

Financial appropriations.

6. To whom the subsidy is provided

Mainly farmers, new types of agribusiness, and units and individuals undertaking project tasks.

7. How the subsidy is provided

MOF, in conjunction with MARA, measures the allocation on a factor approach. It is mainly used to support cultivated land fertility protection, construction of high-standard farmland, comprehensive utilization of saline-alkali land, black soil protection, cultivated land rotation and fallow, and improvement of cultivated land quality, etc.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

This project was integrated and established in 2023.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

2023	2024
2093.19	1895.19

11. Statistical data permitting an assessment of the trade effects of a subsidy

61 Preferential treatment policy for some passenger vehicles1. Title of the subsidy programme

Preferential treatment policy for some passenger vehicles.

2. Policy objective and/or purpose of the subsidy

To promote industrial development.

3. Background and authority for the subsidy

MOF, STA.

4. Legislation under which it is granted

MOF and STA Announcement No. 20 of 2022.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Passenger vehicles of 2.0 litres and below with a single vehicle price not exceeding \$300,000 from 1 June 2022 and 31 December 2022. A passenger vehicle, as defined in the notice, is a vehicle designed, manufactured and technically characterized primarily for the carriage of passengers and their accompanied luggage (or) temporary goods, with a maximum of nine seats including the driver's seat.

7. How the subsidy is provided

The vehicle purchase tax shall be exempted by half.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

From 1 June 2022 to 31 December 2022.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

62 OTHER GENERAL PURPOSE TRANSFER PAYMENT OF FISHERIES.

1. Title of the subsidy programme

Other general purpose transfer payment of fisheries.

2. Policy objective and/or purpose of the subsidy

To promote the high-quality development of fisheries and solve the problems of fisheries development. To optimize industrial structures and achieve economic transformation and upgrading. Reduce the intensity of offshore fishing, protect marine fishery resources, and promote the development of aquaculture, aquatic processing industries and other industries. In line with the international trend in fisheries subsidies, direct cost subsidies shall be abolished to guide fishermen to conserve fisheries resources and strengthen external cooperation in fisheries.

3. Background and authority for the subsidy

MOF, MARA.

4. Legislation under which it is granted

MOF Circular Cai Nong No. 41 of 2021.

5. Form of the subsidy

Financial appropriations.

6. To whom the subsidy is provided

Fishermen, new business entities, research institutes and universities and other relevant units that meet relevant requirements and undertake corresponding tasks.

7. How the subsidy is provided

Local governments coordinate to promote high quality fisheries development in their regions. Key support includes:

(1) Issuing fishery resources conservation subsidies to lawful inshore fishing vessels that comply with fishery resources conservation regulations.

(2) Other expenditures for fishery development and management coordinated by local governments, mainly used for: dismantling of lawful inshore fishing vessels and transition of fishermen to other industries, green development of aquaculture, equipping and operation and maintenance of law enforcement vessels, docks, and other facilities for fishery administration, fishery informatization, processing and circulation of aquatic products, renewal and transformation of lawful inshore fishing vessels and on-board facilities (with no increase in main engine power), fishery resources conservation, etc. *Pursuant to the WTO Agreement on Fisheries Subsidies, some of the above contents do not constitute fisheries subsidies; the reason for notification is that they are set forth in the same document as fisheries subsidies.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

2021-2025.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

2023	2024
160.21	160.21

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

63 Tax policies for transformed cultural enterprises1. Title of the subsidy programme

Tax policies for transformed cultural enterprises.

2. Policy objective and/or purpose of the subsidy

To further support the development of transformed cultural enterprises.

3. Background and authority for the subsidy

MOF, STA, Publicity Department of the CPC Central Committee.

4. Legislation under which it is granted

MOF, STA and Publicity Department of the CPCCC No. 20 of 2024.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Cultural enterprises that completed the transformation before 31 December 2022.

7. How the subsidy is provided

(1) For cultural public institutions engaging in operational activities that were transformed into enterprises before 31 December 2022, enterprise income tax shall be exempted from the date of registration for transformation to 31 December 2027.

(2) For cultural entities funded by public funds from financial departments that were transformed into enterprises before 31 December 2022, property tax on their self-used real estate shall be exempted from the date of registration for transformation to 31 December 2027.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

From the date of registration for transformation to 31 December 2027.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

64 Vat exemption policy for taxpayers engaging in production, sale, wholesale and retail of drip irrigation belts and pipes

1. Title of the subsidy programme

VAT exemption policy for taxpayers engaging in production, sale, wholesale and retail of drip irrigation belts and pipes.

2. Policy objective and/or purpose of the subsidy

To conserve water resources, promote agricultural water-saving irrigation, and develop agricultural production.

3. Background and authority for the subsidy

MOF, STA.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 83 of 2007.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Taxpayers engaged in the production, sale, wholesale and retail of drip irrigation belts and pipes.

7. How the subsidy is provided

Value-added tax (VAT) is exempted for taxpayers producing, selling, wholesaling and retailing drip irrigation belts and pipes.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

Since 1 July 2007.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

65 Vat exemption policy for taxpayers engaging in production, sale, wholesale and retail of organic fertilizer products

1. Title of the subsidy programme

VAT exemption policy for taxpayers engaging in production, sale, wholesale and retail of organic fertilizer products.

2. Policy objective and/or purpose of the subsidy

To scientifically adjust the agricultural fertilization structure and improve the agricultural ecological environment.

3. Background and authority for the subsidy

MOF, STA.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 56 of 2008.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Taxpayers engaged in the production, sale, wholesale and retail of organic fertilizer products.

7. How the subsidy is provided

Value-added tax (VAT) is exempted for taxpayers producing, selling, wholesaling and retailing organic fertilizer products.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

Since 1 June 2008.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

66 **Vat input tax credit refund policy**

1. Title of the subsidy programme

VAT input tax credit refund policy.

2. Policy objective and/or purpose of the subsidy

To support the development of small and micro enterprises, manufacturing industries, and other sectors, boost the vitality of market players, further intensify the implementation of the VAT input tax credit refund policy, and focus on stabilizing market entities and employment.

3. Background and authority for the subsidy

MOF, STA.

4. Legislation under which it is granted

MOF and STA Announcement No. 14 of 2022; MOF and STA Announcement No. 21 of 2022.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

(1) Eligible enterprises in the "manufacturing", "scientific research and technical services", "production and supply of electricity, heat, gas, and water", "software and information technology services", "ecological protection and environmental governance", and "transportation, warehousing, and postal services" industries.

(2) Eligible enterprises in the "wholesale and retail", "agriculture, forestry, animal husbandry, and fishery", "accommodation and catering", "residential services, repair and other services", "education", "health and social work", and "culture, sports, and entertainment" industries.

7. How the subsidy is provided

For taxpayers in manufacturing and other industries that meet the input tax credit refund conditions, the input tax credits shall be fully refunded on a monthly basis.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

(1) Since 1 April 2022.

(2) Since 1 July 2022.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

67 Exemption from consumption tax for ethanol gasoline produced with tax-paid gasoline purchased or processed under consignment

1. Title of the subsidy programme

Exemption from consumption tax for ethanol gasoline produced with tax-paid gasoline purchased or processed under consignment.

2. Policy objective and/or purpose of the subsidy

To support green development.

3. Background and authority for the subsidy

MOF, STA.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 168 of 2008.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Ethanol gasoline produced with tax-paid gasoline purchased or processed under consignment.

7. How the subsidy is provided

Consumption tax shall be exempted.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

Effective from 1 January 2009.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

68 Consumption tax exemption policy for eligible batteries and coatings

1. Title of the subsidy programme

Consumption tax exemption policy for eligible batteries and coatings.

2. Policy objective and/or purpose of the subsidy

To promote energy conservation and environmental protection.

3. Background and authority for the subsidy

MOF, STA.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 16 of 2015.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

(1) Mercury-free primary batteries, metal hydride nickel storage batteries (also known as "hydrogen-nickel storage batteries" or "nickel-hydrogen storage batteries"), lithium primary batteries, lithium-ion storage batteries, solar cells, fuel cells, and all-vanadium flow batteries.

(2) Coatings with Volatile Organic Compounds (VOC) content of less than or equal to 420 grams per litre in the construction state.

7. How the subsidy is provided

The consumption tax shall be exempted.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

Effective from 1 February 2015.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

69 Preferential tax treatment for national commodity reserves

1. Title of the subsidy programme

Preferential tax treatment for national commodity reserves.

2. Policy objective and/or purpose of the subsidy

To support national commodity reserves.

3. Background and authority for the subsidy

MOF, STA.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 8 of 2022; MOF Circular Cai Shui No. 48 of 2023.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Eligible commodity reserve management companies and their direct warehouses.

7. How the subsidy is provided

(1) For the real estate and land used by commodity reserve management companies and their direct warehouses for undertaking commodity reserve business, property tax and urban land use tax shall be exempted.

(2) Stamp duty on the business account books of commodity reserve management companies and their direct warehouses shall be exempted; stamp duty on sales contracts concluded in the process of undertaking commodity reserve business shall be exempted, and stamp duty payable by other parties to the contract shall be levied in accordance with regulations.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

From 1 January 2022 to 31 December 2027.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

70 Preferential policies on property tax and urban land use tax for agricultural product wholesale markets and farm markets

1. Title of the subsidy programme

Preferential policies on property tax and urban land use tax for agricultural product wholesale markets and farm markets.

2. Policy objective and/or purpose of the subsidy

To support the construction of agricultural product circulation systems.

3. Background and authority for the subsidy

MOF, STA.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 4 of 2022; MOF Circular Cai Shui No. 50 of 2023.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Agricultural product wholesale markets and farm markets.

7. How the subsidy is provided

For the real estate and land specially used for operating agricultural products in agricultural product wholesale markets and farm markets (including self-owned and leased properties), property tax and urban land use tax shall be temporarily exempted.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

From 1 January 2022 to 31 December 2027.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

71 Support for the development of free trade zones1. Title of the subsidy programme

Support for the development of free trade zones.

2. Policy objective and/or purpose of the subsidy

To support the development of offshore trade in free trade zones.

3. Background and authority for the subsidy

MOF, STA.

4. Legislation under which it is granted

MOF Circular Cai Shui No. 8 of 2024.

5. Form of the subsidy

Preferential tax treatment.

6. To whom the subsidy is provided

Enterprises registered in the China (Shanghai) Pilot Free Trade Zone and Lingang New Area.

7. How the subsidy is provided

Stamp duty is exempted for sales contracts concluded by enterprises registered in the China (Shanghai) Pilot Free Trade Zone and its Lingang New Area for engaging in offshore goods re-selling. For the purpose of this policy, "offshore goods re-selling" refers to transactions where a resident enterprise purchases goods from a non-resident enterprise and then resells the goods to

another non-resident enterprise, without the goods actually entering or exiting China's customs territory throughout the process.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

1 April 2024 to 31 March 2025.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

Not available.

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

72 Grain and oil production support fund

1. Title of the subsidy programme

Grain and oil production support fund.

2. Policy objective and/or purpose of the subsidy

To be used for promoting the production of key crops such as grain and oil, and optimizing the planting structure, etc.

3. Background and authority for the subsidy

MOF, MARA.

4. Legislation under which it is granted

MOF Circular Cai Nong No. 11 of 2023.

5. Form of the subsidy

Financial appropriations.

6. To whom the subsidy is provided

Mainly farmers undertaking relevant project tasks, new agricultural business entities, and other related units.

7. How the subsidy is provided

MOF, in conjunction with MARA, measures the allocation on a factor approach. It is mainly used to support wheat "one spray and three preventions" (one-time spraying for three preventions against diseases, pests, and dry hot wind), construction of centralized seedling raising facilities, green high-yield and high-efficiency production of key crops such as grain and oil, etc.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

This project was integrated and established in 2023.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

2023	2024
105.84	105.84

11. Statistical data permitting an assessment of the trade effects of a subsidy

Not available.

73 Agricultural business entity capacity enhancement Fund1. Title of the subsidy programme

Agricultural business entity capacity enhancement Fund.

2. Policy objective and/or purpose of the subsidy

To be used for enhancing the production and operation capabilities of new agricultural business entities, technical promotion, and talent cultivation, etc.

3. Background and authority for the subsidy

MOF, MARA.

4. Legislation under which it is granted

MOF Circular Cai Nong No. 11 of 2023.

5. Form of the subsidy

Financial appropriations.

6. To whom the subsidy is provided

Mainly farmers (including agricultural, animal husbandry, and fishery households), new agricultural business entities, central directly-administered reclamation areas, supply and marketing cooperatives, and other related units undertaking relevant project tasks.

7. How the subsidy is provided

MOF, in conjunction with MARA, measures the allocation on a factor approach. It is mainly used to support the cultivation of new agricultural business entities, agricultural socialized services, cultivation of high-quality farmers, reform and construction of grassroots agricultural technology promotion systems, enhancement of agricultural business entity capacities, etc.

8. Period covered by the notification

2023-2024.

9. Duration of the subsidy and/or any other time-limits attached to it

This project was integrated and established in 2023.

10. Subsidy per unit, or in cases where this is not possible, the total amount or the annual amount budgeted for that subsidy (unit: RMB 1 million)

2023	2024
300.64	300.64

11. Statistical data permitting an assessment of the trade effects of a subsidy
