6. Description of content: This proposal proposes to: – Prohibit the retail sale of a food that is caffeine and prohibit the addition of caffeine to foods for retail sale unless expressly permitted; – Expressly permit the addition of caffeine to formulated supplementary sports foods (FSSF), subject to compositional, packaging and labelling requirements. This proposal considers whether measures are required in relation to the regulation of caffeine in the Australian and New Zealand food supply in order to protect public health and safety. In particular the proposal is examining: the addition of caffeine to Formulated Supplementary Sports Foods (FSSF), foods in the general food supply and the extent of risk posed to vulnerable sub-populations. All proposals relating to changes in the Australia New Zealand Food Standards Code (the Code), must be assessed in the context of the following objectives: (a) the protection of public health and safety; (b) the provision of adequate information relating to food to enable consumers to make informed choices; and (c) the prevention of misleading or deceptive conduct. FSANZ must also have regard to the promotion of consistency between domestic and international food standards. The objective and rationale is to amend the Code to protect public health and safety, with respect to the addition of caffeine to foods.
