6. Description of content: The substances covered by the Act were authorised for a period of 10 years as feed additives for all animal species in the additive category 'nutritional additives' and in the functional group 'vitamins, pro-vitamins and chemically well-defined substances having similar effect'. An application was submitted for the renewal of the authorisation of these substances in accordance with article 14 of Regulation (EC) No 1831/2003. Based on the favourable conclusions of a scientific assessment of the dossier submitted by the applicant, conducted by the European Food Safety Authority (EFSA), the authorisation of these substances as feed additives for all animal species is renewed under certain conditions detailed in the Annex to the Act. A transitional period is included for the interested parties to meet the new authorisation's requirements.
