| 6. Description of content: The draft Resolution has been developed to regulate the specific aspects of state registration of substances used in the manufacture of materials and articles, including substances incorporated into active and/or intelligent materials and articles, as well as processes for the recycling of plastics that have been previously used and are reused in the manufacture of materials and articles. The draft Resolution provides for the adoption of the Procedure for state registration of objects, including, in particular, requirements for the scientific assessment of the safety of the object (risk assessment) and the issuance of a scientific opinion on its safety. It further established that the electronic system of the State Register of substances authorized for use in the manufacture of materials and articles, as well as plastic recycling processes, shall become operational on 1 September 2026. The draft Resolution is also notified under the TBT Agreement. |
