NOTIFICATION

Addendum

The following communication, received on 15 May 2026, is being circulated at the request of the Delegation of Canada.

Established Maximum Residue Limits: Lambda-cyhalothrin

The proposed maximum residue limit (PMRL) document for lambda-cyhalothrin notified in G/SPS/N/CAN/1585 (dated 5 February 2025) was adopted 11 May 2026.

The proposed MRLs were established via entry into the Maximum Residue Limits Database and are provided directly below:

MRL (ppm)¹ Raw Agricultural Commodity (RAC) and/or Processed Commodity

0.03	Fat of goats, hogs, horses and sheep
0.01	Eggs; meat and meat by-products of goats, hogs, horses and sheep; fat, meat and meat by-products of poultry; milk

¹ ppm = parts per million

As per PMRL2025-03, the revocation of the MRLs for lambda-cyhalothrin on apples at 0.3 ppm and peaches at 0.5 ppm has now taken effect. Residues of lambda-cyhalothrin in or on apples and peaches are now regulated under the MRL of 0.01 ppm, currently established for "all food commodities (other than those listed in this item)".

MRLs established in Canada may be found using Health Canada's *Maximum Residue Limit Database* (<https://pest-control.canada.ca/pesticide-registry/en/mrl-search.html>) on the *Maximum residue limits, human health, and food safety* webpage (<https://www.canada.ca/en/health-canada/services/consumer-product-safety/pesticides-pest-management/public/protecting-your-health-environment/pesticides-food/maximum-residue-limits-pesticides.html>). The database allows users to search for pesticides or for food commodities.

This addendum concerns a:

- Modification of final date for comments
- Notification of adoption, publication or entry into force of regulation
- Modification of content and/or scope of previously notified draft regulation
- Withdrawal of proposed regulation
- Change in proposed date of adoption, publication or date of entry into force
- Other:

Comment period: (If the addendum extends the scope of the previously notified measure in terms of products and/or potentially affected Members, a new deadline for receipt of comments should be provided, normally of at least 60 calendar days. Under other circumstances, such as extension of originally announced final date for comments, the comment period provided in the addendum may vary.)

Sixty days from the date of circulation of the addendum to the notification and/or (dd/mm/yy): Not applicable

Agency or authority designated to handle comments: National Notification Authority, National Enquiry Point. Address, fax number and e-mail address (if available) of other body:

Text(s) available from: National Notification Authority, National Enquiry Point. Address, fax number and e-mail address (if available) of other body:

The specified MRLs have been provided above and are also accessible from the MRL webpages as indicated below:
