

NOTIFICATION

Revision

1. Notifying Member: <u>ISRAEL</u> If applicable, name of local government involved:
2. Agency responsible: Health Regulation Directorate (Food, Alcoholic Beverages and Cosmetics), Ministry of Health
3. Products covered (provide tariff item number(s) as specified in national schedules deposited with the WTO; ICS numbers should be provided in addition, where applicable): Meat and edible meat offal (HS code(s): 02); Dairy produce; Birds' eggs; Natural honey; Edible products of animal origin, not elsewhere specified or included (HS code(s): 04); Edible vegetables and certain roots and tubers (HS code(s): 07); Edible fruit and nuts; Peel of citrus fruit or melons (HS code(s): 08); Coffee, tea, maté and spices (HS code(s): 09); Cereals (HS code(s): 10); Products of the milling industry; Malt; Starches; Inulin; Wheat gluten (HS code(s): 11); Oil seeds and oleaginous fruits; Miscellaneous grains, seeds and fruit; Industrial or medicinal plants; Straw and fodder (HS code(s): 12); Animal, vegetable or microbial fats and oils and their cleavage products; Prepared edible fats; Animal or vegetable waxes (HS code(s): 15); Preparations of meat, of fish, of crustaceans, molluscs or other aquatic invertebrates, or of insects (HS code(s): 16); Sugars and sugar confectionery (HS code(s): 17); Cocoa and cocoa preparations (HS code(s): 18); Preparations of cereals, flour, starch or milk; Pastrycooks' products (HS code(s): 19); Preparations of vegetables, fruit, nuts or other parts of plants (HS code(s): 20); Miscellaneous edible preparations (HS code(s): 21); Beverages, spirits and vinegar (HS code(s): 22); Residues and waste from the food industries; Prepared animal fodder (HS code(s): 23); Microbiology (ICS code(s): 07.100); Soil quality. Pedology (ICS code(s): 13.080); Pesticides and other agrochemicals (ICS code(s): 65.100); Animal feeding stuffs (ICS code(s): 65.120); Food technology (ICS code(s): 67)
4. Regions or countries likely to be affected, to the extent relevant or practicable: <input checked="" type="checkbox"/> All trading partners <input type="checkbox"/> Specific regions or countries:
5. Title of the notified document: Public Health Protection Notice (Food) (Application of Changes to the Annex to European Union Directives) (Regulation EC 396/2005 - Maximum Residue Levels of Pesticides) (Amendment 2), 5786-2026. Language(s): Hebrew. Number of pages: 1 https://members.wto.org/crnattachments/2026/SPS/ISR/26_03012_00_x.pdf
6. Description of content: On 5 December 2025, Commission Regulation (EU) 2025/2473, amending Annex IV to Regulation (EC) No. 396/2005 of the European Parliament and the Council as regards maximum residue levels for <i>Betabaculovirus Phoperculellae</i> , elemental Iron and rape seed oil in or on certain products, was published. On 21 April, Public Health Protection Notice (Food) (Application of Changes to the Annex to European Union Directives) (Regulation EC 396/2005 - Maximum Residue Levels of Pesticides) (Amendment No. 2), 5786-2026, was published in Official Gazette (Reshumot), signed by

the director of Health Regulation Directorate (Food, Alcoholic Beverages and Cosmetics), applying this amendment.

Regulation (EC) No. 396/2005 of the European Parliament and of the Council of 23 February 2005 regarding maximum levels of pesticide residues in or on food or feed, of plant or animal origin, amending Council Directive 91/414/EEC, was adopted in Israel within the framework of the Economic Plan Law (Legislative Amendments for the Implementation of Economic Policy for the Budget Years 2021 and 2022), 5782-2021, through an indirect amendment to the Public Health Protection (Food) Law, 5776-2015 (Amendment No. 3), and appears in Item 4 of Appendix II A to the Law. This regulation was applied in Israel on 1 January 2023. The regulation was not fully applied. The exceptions to the adoption of Regulation 396/2005 appear in Column A of Item 4 of Appendix II A, in addition to the exceptions stated in Section 3A(a1) to (a5) of the Law.

To date, orders and notices have been published in the Official Gazette (Reshumot), which included changes that took place in the European Union in Regulation 396/2005, and which were implemented in Israel, with the most recent published on 24 December 2025, being the Public Health Protection Notice (Food) (Application of Changes to the Annex to European Union Directives) (Regulation EC 396/2005 - Maximum Residue Levels of Pesticides) (Amendment), 5785-2025, signed by the director of Health Regulation Directorate (Food, Alcoholic Beverages and Cosmetics) at the Ministry of Health. The latest updated consolidated version, that was adopted and published on the Food Service website following the publication of the aforementioned notice, is the version valid in European legislation as it stood on 24 August 2025.

It is now proposed to apply in Israel the changes that occurred or will occur in the European Union in Regulation 396/2005, as detailed below, without modifications, conditions, exceptions, or expansions, while integrating them into the text of Regulation 396/2005, as adopted today. The essence of the changes regards a modification in the maximum permitted levels of pesticide residues. It is also clarified that the exceptions that appear in Column A of Item 4 of Appendix II A will continue to apply to the changes that are proposed to be implemented in Israel.

The changes included in this proposed amendment combine the following EU Regulations amending various Annexes of Regulation (EC) No 396/2005, after Item 29:

- Item 30: Commission Regulation (EU) 2025/2473 of 5 December 2025 amending Annex IV to Regulation (EC) No 396/2005 of the European Parliament and of the Council as regards maximum residue levels for *Betabaculovirus phoperculellae*, elemental iron and rape seed oil in or on certain products:
 1. In Annex IV -
 - (1) Delete the reference to footnote 1 after the reference to vegetable oils/rapeseed oil;
 - (2) Add references to *Betabaculovirus phoperculellae* and iron.

7. Objective and rationale: food safety, animal health, plant protection, protect humans from animal/plant pest or disease, protect territory from other damage from pests.

8. Is there a relevant international standard? If so, identify the standard:

- Codex Alimentarius Commission (e.g. title or serial number of Codex standard or related text):**
- World Organization for Animal Health (OIE) (e.g. Terrestrial or Aquatic Animal Health Code, chapter number):**
- International Plant Protection Convention (e.g. ISPM number):**
- None**

Does this proposed regulation conform to the relevant international standard?

Yes No

<p>If no, describe, whenever possible, how and why it deviates from the international standard: This regulation follows the European regulation (396/2005) of the European Parliament and of the Council from 23 February 2005 regarding maximum levels of pesticide residues in or on food or feed.</p>
<p>9. Other relevant documents and language(s) in which these are available: Commission Regulation (EU) 2025/2473 of 5 December 2025 amending Annex IV to Regulation (EC) No 396/2005 of the European Parliament and of the Council as regards maximum residue levels for <i>Betabaculovirus phoperculellae</i>, elemental iron and rape seed oil in or on certain products: https://eur-lex.europa.eu/legal-content/EN/TXT/?uri=CELEX%3A32025R2473&qid=1780229518145 (available in English)</p>
<p>10. Proposed date of adoption (dd/mm/yy): 4 May 2026 Proposed date of publication (dd/mm/yy): 21 April 2026</p>
<p>11. Proposed date of entry into force: <input type="checkbox"/> Six months from date of publication, and/or (dd/mm/yy): 4 May 2026 <input type="checkbox"/> Trade facilitating measure</p>
