- Notification of adoption, publication or entry into force of regulation
- Modification of content and/or scope of previously notified draft regulation
- Withdrawal of proposed regulation
- Change in proposed date of adoption, publication or date of entry into force
- Other: This addendum on the GCC Guide for Control on Imported Foods, which contains requirements and health certificates, has been reviewed and revised by the GCC Food Safety Committee to facilitate international trade.

Under other circumstances, such as extension of originally announced final date for comments, the comment period provided in the addendum may vary.)
