Language(s): English. Number of pages: 5 https://members.wto.org/crnattachments/2020/SPS/EEC/20_1485_00_e.pdf
6. Description of content: This draft Commission Implementing Regulation provides that the approval of the active substance beta-cyfluthrin is not renewed in accordance with Regulation (EC) No 1107/2009. EU Member States shall withdraw authorisations for plant protection products containing beta-cyfluthrin as active substance. The non-renewal of approval is based on the first evaluation of the substance for use as a pesticide active substance in the EU under Regulation (EC) No 1107/2009. The substance was formerly assessed and approved under Directive 91/414/EEC. This decision only concerns the placing on the market of this substance and plant protection products containing it. Following non-approval and the expiry of all grace periods for stocks of products containing this substance, separate action will likely be taken on MRLs and a separate notification will be made in accordance with SPS procedures.
