NOTIFICATION

Addendum

The following communication, received on 18 August 2021, is being circulated at the request of the Delegation of Canada.

Notice of Modification to the *List of Permitted Preservatives* to Revise the Permitted Uses of Methylparaben, Propylparaben and their Sodium Salts - Reference Number: NOM/ADM-0171

Health Canada has revised the permitted uses of the preservatives methyl-p-hydroxybenzoate (methylparaben), propyl-p-hydroxybenzoate (propylparaben), and their sodium salts (sodium salt of methyl-p-hydroxybenzoic acid and sodium salt of propyl-p-hydroxybenzoic acid).

A notice of Health Canada's Proposal to Revise Permitted Uses of the food additives Methyl Paraben, Propyl Paraben and their Sodium Salts in Various Foods [NOP/ADP-0033] was published on 15 November 2019. The proposal was open to the public for comment for 75 days. No comments were received during this period.

Consequently, Health Canada revised the permitted uses of these four food additives as described in the information document by modifying Part 2 of the *List of Permitted Preservatives*, effective 10 August 2021.

The purpose of this communication is to publically announce the Department's decision in this regard and to provide the appropriate contact information for any inquiries or for those wishing to submit any new scientific information relevant to the safety of these food additives.
