**NOTIFICATION**

*Corrigendum*

The following communication, received on 27 September 2021, is being circulated at the request of the Delegation of the United States of America.

---

Spinetoram; Pesticide Tolerances. Final Rule

EPA issued a final rule establishing tolerances for residues of the insecticide spinetoram in or on multiple commodities which inadvertently instructed the Federal Register to add a tolerance for "vegetable, leafy, except *Brassica*, group 4" and to remove a tolerance for "vegetable, leafy, group 4-16". This notification corrects the final regulation.
