Committee on Sanitary and Phytosanitary Measures

Original: English

NOTIFICATION

Addendum

The following communication, received on 16 March 2022, is being circulated at the request of the Delegation of Turkey.

The revision of the veterinary health certificates used for canned petfood, processed petfood other than canned petfood and dogchews

The veterinary health certificate models for pet food products notified through G/SPS/N/TUR/120 are revised with respect to relevant EU legislation. New veterinary health certificate models will enter into force on 15 April 2022 and the old veterinary health certificate models published on the website of the Ministry of Agriculture and Forestry of Turkey for these products will continue to be used until 15 May 2022. The changes clarify the interpretation of the certificate models.

After 15 May 2022, only new model health certificates will be accepted.
