## NOTIFICATION

### *Addendum*

The following communication, received on 17 March 2022, is being circulated at the request of the Delegation of Canada.

#### Established Maximum Residue Limit: Flonicamid

The proposed maximum residue limit (PMRL) document for flonicamid notified in G/SPS/N/CAN/1410 (dated 28 July 2021) was adopted 15 March 2022. The proposed MRLs were established via entry into the Maximum Residue Limits Database and are provided directly below:

<u>MRL (ppm)<sup>1</sup></u>	<u>Raw Agricultural Commodity (RAC) and/or Processed Commodity</u>
16	Abyssinian cabbages, mizuna, seakale cabbages, Hanover salad, wild rocket, Shepherd's purse, and watercress
4.0	Bitter lettuce, blackjack, cat's whiskers, cham-chwi, cham-na-mul, Chinese amaranth, Chinese violets, chipilin, buckhorn plantain leaves, cosmos, dang-gwi, dol-nam-mul, ebolo, fuki, English primrose, escaroles, fameflowers, feather cockscombs, fresh cilantro leaves, fresh dillweed leaves, good King Henry, huazontles, Indian asters, jute leaves, Malabar spinach, New Zealand spinach, tree spinach, tanier spinach, udo, and zuiki

<sup>1</sup> ppm = parts per million

In addition, this addendum clarifies the maximum residue limit proposed for common plantains cited in Notification G/SPS/N/CAN/1410. The notification proposed a 4.0 ppm maximum residue limit for common plantains. Health Canada's MRL Database, however, has recently been updated (<https://pr-rp.hc-sc.gc.ca/mrl-lrm/index-eng.php>), and the crop descriptor for common plantains has been revised to buckhorn plantain leaves.

MRLs established in Canada may be found using Health Canada's *Maximum Residue Limit Database* (<http://pr-rp.hc-sc.gc.ca/mrl-lrm/index-eng.php>) on the *Maximum Residue Limits for Pesticides* webpage (<https://www.canada.ca/en/health-canada/services/consumer-product-safety/pesticides-pest-management/public/protecting-your-health-environment/pesticides-food/maximum-residue-limits-pesticides.html>). The database allows users to search for pesticides or for food commodities.

#### **This addendum concerns a:**

- Modification of final date for comments
- Notification of adoption, publication or entry into force of regulation
- Modification of content and/or scope of previously notified draft regulation
- Withdrawal of proposed regulation
- Change in proposed date of adoption, publication or date of entry into force
- Other:

**Comment period: (If the addendum extends the scope of the previously notified measure in terms of products and/or potentially affected Members, a new deadline for receipt of comments should be provided, normally of at least 60 calendar days. Under other circumstances, such as extension of originally announced final date for comments, the comment period provided in the addendum may vary.)**

Sixty days from the date of circulation of the addendum to the notification and/or (dd/mm/yy): Not applicable

**Agency or authority designated to handle comments:  National Notification Authority,  National Enquiry Point. Address, fax number and e-mail address (if available) of other body:**

**Text(s) available from:  National Notification Authority,  National Enquiry Point. Address, fax number and e-mail address (if available) of other body:**

The specified MRLs have been provided above and are also accessible from the MRL webpage as indicated below:
