## NOTIFICATION

### *Addendum*

The following communication, received on 17 March 2022, is being circulated at the request of the Delegation of Canada.

#### Established Maximum Residue Limit: Bromoxynil

The proposed maximum residue limit (PMRL) document for bromoxynil notified in G/SPS/N/CAN/1409 (dated 28 July 2021) was adopted 15 March 2022. The proposed MRL was established via entry into the Maximum Residue Limits Database and is provided directly below:

<u>MRL (ppm)<sup>1</sup></u>	<u>Raw Agricultural Commodity (RAC) and/or Processed Commodity</u>
0.05	Annual canarygrass grain

<sup>1</sup> ppm = parts per million

In addition, this addendum clarifies the maximum residue limit proposed for annual canarygrass seeds cited in notification G/SPS/N/CAN/1409. The notification proposed a 0.05 ppm maximum residue limit for annual canarygrass seeds. Health Canada's MRL Database has recently been updated (<https://pr-rp.hc-sc.gc.ca/mrl-lrm/index-eng.php>), and the English crop descriptor for annual canarygrass seeds has been revised to annual canarygrass grain. There is no change to the French crop descriptor.

MRLs established in Canada may be found using Health Canada's *Maximum Residue Limit Database* (<http://pr-rp.hc-sc.gc.ca/mrl-lrm/index-eng.php>) on the *Maximum Residue Limits for Pesticides* webpage (<https://www.canada.ca/en/health-canada/services/consumer-product-safety/pesticides-pest-management/public/protecting-your-health-environment/pesticides-food/maximum-residue-limits-pesticides.html>). The database allows users to search for pesticides or for food commodities.

#### **This addendum concerns a:**

- Modification of final date for comments
- Notification of adoption, publication or entry into force of regulation
- Modification of content and/or scope of previously notified draft regulation
- Withdrawal of proposed regulation
- Change in proposed date of adoption, publication or date of entry into force
- Other:

**Comment period: (If the addendum extends the scope of the previously notified measure in terms of products and/or potentially affected Members, a new deadline for receipt of comments should be provided, normally of at least 60 calendar days. Under other circumstances, such as extension of originally announced final date for comments, the comment period provided in the addendum may vary.)**

Sixty days from the date of circulation of the addendum to the notification and/or (dd/mm/yy): Not applicable

**Agency or authority designated to handle comments:  National Notification Authority,  National Enquiry Point. Address, fax number and e-mail address (if available) of other body:**

**Text(s) available from:  National Notification Authority,  National Enquiry Point. Address, fax number and e-mail address (if available) of other body:**

The specified MRL has been provided above and is also accessible from the MRL webpage as indicated below:
