Committee on Sanitary and Phytosanitary Measures

Original: English

## NOTIFICATION

- 1. Notifying Member: <u>EUROPEAN UNION</u>
  - If applicable, name of local government involved:
- 2. Agency responsible: European Commission, Health and Consumers Directorate-General
- 3. Products covered (provide tariff item number(s) as specified in national schedules deposited with the WTO; ICS numbers should be provided in addition, where applicable): Cereals (HS Codes: 1001, 1002, 1003, 1004, 1005, 1006, 1007, 1008), foodstuffs of animal origin (HS Codes: 0201, 0202, 0203, 0204, 0205, 0206, 0207, 0208, 0209, 0210) and certain products of plant origin, including fruit and vegetables
- 4. Regions or countries likely to be affected, to the extent relevant or practicable:[X] All trading partners
  - [] Specific regions or countries:
- 5. Title of the notified document: Annexes to "Draft Commission Regulation amending Annexes II, III and V to Regulation (EC) No 396/2005 of the European Parliament and of the Council as regards maximum residue levels for bitertanol, tebufenpyrad and chlormequat in or on certain products (Text with EEA relevance)" Language(s): English Number of pages: 26

http://members.wto.org/crnattachments/2016/SPS/EEC/16\_2693\_00\_e.pdf http://members.wto.org/crnattachments/2016/SPS/EEC/16\_2693\_01\_e.pdf

- 6. Description of content: These notified annexes to the draft Regulation set proposed maximum residue levels for bitertanol, tebufenpyrad and chlormequat in or on certain products in Annex II and V to Regulation (EC) No 396/2005. MRLs for these substances in certain commodities are changed: either increased or lowered. Higher MRLs are set to accommodate new uses in the European Union and in third countries which export those commodities to the European Union. Lower MRLs are set after updating the limit of determination and/or deleting old uses which are not authorized any more in the European Union or for which there is not enough data for an MRL to be set.
- Objective and rationale: [X] food safety, [] animal health, [] plant protection,
   [] protect humans from animal/plant pest or disease, [] protect territory from other damage from pests.
- 8. Is there a relevant international standard? If so, identify the standard:
  - [X] Codex Alimentarius Commission (e.g. title or serial number of Codex standard or related text) CAC/MRL 1: Maximum Residue Limits (MRLs) for Pesticides
  - [] World Organization for Animal Health (OIE) (e.g. Terrestrial or Aquatic Animal Health Code, chapter number)

## - 2 -

| n – |  |
|-----|--|
|     | [] International Plant Protection Convention (e.g. ISPM number)  |
|     | [] None  |
|     | Does this proposed regulation conform to the relevant international standard?  |
|     | []Yes [X] No   |
|     | If no, describe, whenever possible, how and why it deviates from the international standard: The European Food Safety Authority published reasoned opinions on the review of the existing maximum residue levels for bitertanol, tebufenpyrad and chlormequat. Based on these opinions the Regulation (EC) No 396/2005 should therefore be amended following a risk analysis approach.   |
