## NOTIFICATION

### *Addendum*

The following communication, received on 16 January 2023, is being circulated at the request of the Delegation of the European Union.

Authorisation of conjugated linoleic acid (t10, c12)-methylester as a feed additive for pigs for fattening and dairy cows (holder of authorisation: BASF SE)

The proposal notified in G/SPS/N/EU/400 (21 July 2020) is now adopted by Commission Implementing Regulation (EU) 2023/60 of 5 January 2023 concerning the authorisation of conjugated linoleic acid (t10, c12)-methylester as a feed additive for pigs for fattening and dairy cows (holder of authorisation: BASF SE) (Text with EEA relevance) [OJ L 5, 6 January 2023, p. 19].

The additive belongs to a category linked to an authorisation holder, therefore the name of the authorisation holder needs to be included in the authorisation. Only the authorisation holder or a person authorised by him can place the additive in the EU market.

This Regulation shall enter into force on the twentieth day following its publication in the Official Journal of the European Union.
