## NOTIFICATION

### *Corrigendum*

The following communication, received on 22 May 2023, is being circulated at the request of the Delegation of the United States of America.

---

#### Spiropidion; Pesticide Tolerances. Final Rule

EPA issued a final rule in the Federal Register of 20 July 2022, establishing tolerances for residues of the insecticide spiropidion and its metabolites and degradates in or on multiple commodities requested by Syngenta Crop Protection, LLC under the Federal Food, Drug, and Cosmetic Act (FIFRA). That document inadvertently misstated the nomenclature listed for the residue definition of the spiropidion metabolite SYN547305.
