NOTIFICATION

Addendum

The following communication, received on 13 July 2023, is being circulated at the request of the Delegation of Canada.

Established Maximum Residue Limit: Pyrethrins

The proposed maximum residue limit (PMRL) document for pyrethrins notified in G/SPS/N/CAN/1489 (dated 13 March 2023) was adopted 12 July 2023.

As per PMRL2023-15, the revocation of the MRL for pyrethrins on raw cereals will take effect to allow sufficient time for legally treated commodities to clear the channels of trade. The expected adoption of the revocation in the MRL database will be on 2 March 2026, 36 months from the date of publication of RVD2023-06 (published 2 March 2023).

MRLs established in Canada may be found using Health Canada's *Maximum Residue Limit Database* (<https://pest-control.canada.ca/pesticide-registry/en/mrl-search.html>) on the *Maximum residue limits, human health, and food safety* webpage (<https://www.canada.ca/en/health-canada/services/consumer-product-safety/pesticides-pest-management/public/protecting-your-health-environment/pesticides-food/maximum-residue-limits-pesticides.html>). The database allows users to search for pesticides or for food commodities.

This addendum concerns a:

- Modification of final date for comments
- Notification of adoption, publication or entry into force of regulation
- Modification of content and/or scope of previously notified draft regulation
- Withdrawal of proposed regulation
- Change in proposed date of adoption, publication or date of entry into force
- Other:

Comment period: (If the addendum extends the scope of the previously notified measure in terms of products and/or potentially affected Members, a new deadline for receipt of comments should be provided, normally of at least 60 calendar days. Under other circumstances, such as extension of originally announced final date for comments, the comment period provided in the addendum may vary.)

- Sixty days from the date of circulation of the addendum to the notification and/or (dd/mm/yy): Not applicable

Agency or authority designated to handle comments: National Notification Authority, National Enquiry Point. Address, fax number and e-mail address (if available) of other body:

Text(s) available from: [] National Notification Authority, [X] National Enquiry Point. Address, fax number and e-mail address (if available) of other body:

The specified MRL is accessible from the *Maximum residue limits, human health, and food safety* webpage as indicated below:
