## NOTIFICATION

### Addendum

The following communication, received on 28 February 2024, is being circulated at the request of the Delegation of Türkiye.

#### Turkish Food Codex Regulation on Maximum Residue Levels of Pesticides

The Turkish Food Codex Regulation on Maximum Residue Levels of Pesticides, which was notified through G/SPS/N/TUR/114 on 8 July 2020, was adopted and published in the Official Gazette dated 27 September 2021 and numbered 31611.

Now, amendments are being made to the annexes of the regulation. The proposed regulation is prepared taking into account of Regulation (EC) No 396/2005 of the European Parliament and of the Council of 23 February 2005 on maximum residue levels of pesticides in or on food and feed of plant and animal origin and amending Council Directive 91/414/EEC.

The active substances that have been changed are included in Annex-3, and the relevant parts are coloured yellow and green.

The columns in green are the new maximum residue limits.

Proposed date of adoption is December 2024.
